Subject (in full) Letter from Chief of Water Police Main Corps to Messrs.
Jardine Matheson's Ships' compradores.

Made by D.P.S. Killingbeck Forwarded by D. I. Crawford

With reference to previous reports regarding letters sent by Pau Ts Ying (鮑子英), the Chief of the Water Police Main Corps, Pootung, to Compradores operating on ships of the Indo China Steam Navigation Company, attached hereto are copies of replies written ^{by} Zung Liang Ching (陳良清), compradore of the s.s. "TAKSANG" and Wu Bak Sung (胡柏生), compradore of the s.s. "WINGSANG", to Pau Ts Ying.

At the time that the compradores received the letters from the Water Police Headquarters, it was suggested by this office that the compradores advise Pau Ts Ying, by letter, that they themselves were not responsible for the dismissal of members of the crew. This advice has been followed by the compradores concerned and copies of their replies forwarded to this office for information.

Captain, Ts Ying,

Your letter has been received. The cabin boys named Zee Ah Yoong, Sung Ah Nyi and Oo Ah Mau were dismissed some time ago by the Captain, upon instructions from the management, who were dissatisfied with their services. I had nothing to do with this matter. Moreover, staff-affairs and other affairs are all in the hands of the captain while I remain impartial towards cabin boys and tallymen. I have heard nothing relating to the cause of the dismissal of the cabin boys and you had better make enquiries at the Company.

I regret very much being unable to visit you owing to press me of work and the immediate departure of the ship, but hope that you will excuse me.

Yours sincerely,

WOO PAH SUNG.

Translation of a despatch, dated January 23, 1940, addressed to Pau Ts Ying (鲍子英), the Chief of the Water Police Main Corps, Pootung, by Lung Liang Ching (陈良清), Comptroller of the s.s. "Takong" of the Jardine Matheson & Company.

With reference to the dismissal of Pei Hung Zien (毕鸿生) and Lung Ah Sioo (董阿福), seamen of the s.s. "TAKONG", I beg to inform you that I was not instrumental in effecting their discharge. The reason for their dismissal was that, due to the undesirable attitude adopted by these two seamen towards the superior officers, the Captain of the s.s. "TAKONG" submitted a report to the company authority which consequently effected their dismissal. It must be pointed ^{OUT} that it is stipulated by the regulations of the company that only the company authority has the right to employ or discharge the employees and that only those who are in possession of certificates issued by the company and signed by the British Consulate General are allowed to obtain positions on the vessels.

It is entirely incorrect that I discharged these two seamen for private reasons. Enquiries made directly to the company authority will elicit the truth.

Subject Chung Kuo Seamens' General Labour Union - Pamphlets distributed.

Made by D.P.S. Killingbeck. Forwarded by D. I. Crawford.

* See also D. 8453

Attached hereto is a notice which has recently been sent to the tallymen on the s.s. "Taksang" and the tea-boys of the s.s. "Yu Sang", both of the Indo-China Steam Navigation Company, by the so-called Chung Kuo Seamen's General Labour Union. They have no doubt been distributed in an effort to persuade the men to join the Union, but it is not very likely that they will have any effect, as the fact that the management of the Company do not acknowledge any of the Labour Unions is well known to the crews of the vessels.

Efforts have been made in the past by the Chung Hwa Seamen's Union to obtain the re-instatement of several tea-boys dismissed by the Company, but proceedings locally were discontinued after letters had been written by the ships' compradores to the Water Police Bureau of the Shanghai City Government, stating that the compradores themselves were not responsible for the dismissals.

Apparently the union officials have since been negotiating with the Japanese Gendarmerie at Tangku in order to cause the arrest of the compradore of the s.s. "Taksang". A copy of a letter written by Mr. N.A. BOURNES, of the Indo-China Steam Navigation Company, to the Shipping Manager of the Company, concerning the affair at Tientsin, is attached for information.

Translation of a notice issued by the Chung Kuo Seamen's General Labour Union and addressed to the Staff of the s.s. "Taksang" during March 1940.

Following the outbreak of the Sino-Japanese hostilities in August 1937 and the subsequent general retreat of the Chinese troops from Shanghai, the former Chung Hwa Seamen's General Labour Union accordingly removed to Hankow and then to Chungking. Therefore, should the members employed on board ships in the lower course of the Yangtze River experience any trouble, the union could not mediate because of its absence from these parts, thus leaving the members unprotected for the past two years.

Last Spring, our Chairman Wang Chung wei, dissatisfied with the conspiracy between the Chungking Government and the Communists, left Chungking and started to promote the Anti-Comintern, Peace and National Reconstruction Campaign which gains the support of the people of the country and the 800,000 members of our union. Even the ex-employees of the now defunct Chung Hwa Seamen's General Labour Union arrived in Shanghai and participated in the peace movements.

On October 24, 1939, by order of the Bureau of Social Affairs of the Kuomintang Headquarters, the name of the former Chung Hwa Seamen's General Labour Union was changed into the present name Chung Kuo Seamen's General Labour Union, and one Lang Pan Wei and 13 others were nominated Committee members of the new Union. The Committee members on the following day held an inaugural meeting and began to function with offices at 75 Jessfield Road. Furthermore, on October 28, 1939 one Zung Yuen Loong and 9 others were appointed to prepare the formation of a

Shanghai Branch Office, while one Ling Hse Hwang and 9 others were to do the same in Hankow.

The former Chung Hwa Seamen's General Labour Union, situated in the Chinese Chamber of Commerce Building, North Homan Road, was ordered to disorganize on February 24, 1940 and to amalgamate with the present Union which is now busily engaged in handling the registration of seamen and marine matters. Efforts are also being made to revive the branch offices at various ports.

Registration for both old and new members is at present in force.

Dear Sir,

re Union Trouble at Vietnam.

On Saturday the 20th inst. I met Mr. Ngan, ex Compadore of S/S Dah Pau and brother of our Chief Compadore on S/S Tak Sang.

He has been at Vietnam for the past month & on the 10th inst. he was informed by the 2nd Compadore of S/S Tak Sang that the Union officials were negotiating with the Japanese Sendarmerie with intent to cause the arrest of the Tak Sang Compadore & requested that he mediate in the matter.

Together with a Chinese friend who could speak Japanese he called on the Japanese Sendarmerie Commander at Vietnam & requested his assistance. He was advised to go to the Yang Ku & interview the local Japanese Sendarmerie.

Then he did & on the 11th inst. he invited the Commander together with the Japanese Chief of Yang Ku Water Police & two others, to dinner on board the Tak Sang.

JARDINE, MATHESON & CO., LTD.
(INCORPORATED IN HONGKONG)

During dinner the Union trouble was discussed & the Japanese left saying that they would not ~~be~~ render any assistance to the Union.

Asked whether he had paid any money to the Japanese or to any other person to settle the matter he replied in the negative, but that the dinner, drinks and his trip to Yantai had cost him between £300.00 & £400.00.

Asked whether he thought that the Union would continue to make trouble he replied that they were sure to do so, but that without Japanese backing they were hamless.

With reference to attached report, which appeared in the "China Press" dated August 31, concerning special subsidies granted to Chinese employees of the Jardine Matheson Company, enquiries reveal that a special allowance has been granted to the employees in view of the high cost of living prevailing in Shanghai.

The allowances came into effect approximately two weeks ago and were granted voluntarily by the management of the Company, without any application having been received from the workers.

Chen Yuen Loong, ex-chairman of the defunct "Two Steamship Tallymen's Club" who resides at No. 5 300 Pah Wong (蒲柏坊), Avenue Dubail, was interviewed at headquarters on January 24 and gave the following information :

Following the withdrawal of Chinese troops from Shanghai in November, 1937, he accompanied General Yang Pu, former Defence Commissioner of Woosung and Shanghai and concurrently Special Delegate for Seamen's Affairs, to Hankow and remained there until September, 1938, when he returned to Shanghai. Upon arrival he learned of the unemployment of a number of tallymen of Messrs. Jardine Matheson & Co. through trade depression. In view of his many acquaintances among the compradores of ships of various steamship companies, he decided to establish a Tallymen's Employment Agency at the above address, his object being to find work for those unemployed tallymen through the medium of the compradores of ships. So far he has obtained employment for over sixty tallymen with compradores of Jardines while forty others are still on the waiting list. He states that he does not collect any registration or introduction fee but admits that he receives 50 cents per mensem from each person, for whom he has secured employment, as long as he is employed with the company.

On or about December 8, 1938, Chen met Mr. N. Bourne, Chief of Smuggling Prevention Section of Jardines at the

Roosevelt Terminal. The latter demanded an explanation from him for his presence there. Chen explained that the business of his employment agency made it necessary for him to visit the compradores of the various ships from time to time. He was told to see Commander Skyrme as the Company viewed his presence in the vicinity of the company's vessels with much disfavour. So far Chen has not approached Jardines.

At the conclusion of the interview, Chen Yuen Loong was warned to apply to Jardines for permission to carry out the business of his employment agency in which Jardines vessels are involved. He was also told that no coercion towards the ships' compradores nor interference with the tallymen in the employment of the company would be tolerated and that any attempt which he might make with a view to creating a monopoly in his business would only land himself in trouble. Chen promised to obey the instructions of the Police.

Trouble Between Steward and Cabin-Boys
on S.S. "Loongwo"

Sir,

With reference to the remarks of the P.A. to D.C. (Crime) on Diary 1, Page 3, of this case re charging the four cabin-boys with intimidation, the reason why the case was not treated as an ordinary case of intimidation and immediate action taken was because the vessel had already sailed when the report was received and moreover, it was considered desirable that Commander Skyrme should be interviewed before any Police action was taken. The reason for this being that the cause of the trouble being what it was i.e., bad feeling between the cabin-boys and the newly promoted Steward it was thought that to arrest and charge the cabin-boys might result in a strike which would cause trouble and inconvenience to the Shipping Company, Jardine, Matheson & Co., Ltd.

On the 28/7/37 D.S. Elders interviewed Commander Skyrme who requested that no Police action be taken until further word was received from him because the Stewards and Cabin-boys Unions were trying to settle the matter amicably among themselves.

On the 4/8/37 information was received from Commander Skyrme to the effect that the matter had been

Trouble between 2nd Steward and Cabin-Boys on S.S. "Loongwo"

Sir,

At 12 noon 24/7/37 one Woo Ah Pao (胡阿保) Chinese 2nd Steward on the S.S. "Loongwo" came to Hongkew Station and reported that there had been some trouble between himself and four cabin-boys on the said vessel. He brought with him a note from Commander Skyrme of Jardine, Matheson & Co., Ltd., who had previously telephoned to the station saying that the man would call at the station.

D.S. Elders and J.D.S. 33 conducted enquiries. The 2nd Steward, whose home address is at 90 Yochow Road, stated that he had only been appointed to his present position by Jardine Matheson & Co., Ltd., about three weeks ago. He was formerly Saloon "Boy" on the S.S. "Pingho". He has done two trips between Shanghai and Hankow on the S.S. "Loongwo".

He stated that at about 5.30 p.m. on the 23/7/37, whilst he was in his cabin on the vessel which was moored at Hunt's Wharf, four of the vessel's cabin-boys came to his cabin and ordered him to leave the vessel saying that they would not allow him to be the 2nd Steward. He asked them if they had any authority for ordering him to leave the vessel, such as instructions from their

The 2nd Steward then proceeded to his uncle's home and informed his uncle of the incident and they endeavoured to get in touch with Commander Skyrme but owing to the fact that it was after office hours they failed. However, they succeeded in locating Mr. Todd the Shipping Manager to whom they spoke over the telephone. He stated that no instructions whatever had been issued for the removal of the 2nd Steward and that he should return to the vessel.

The 2nd Steward did return to the vessel at about 7 p.m. 23/7/37 but the four cabin-boys refused to allow him on board.

The vessel sailed for Hankow on the morning of the 24/7/37. It will return within about ten days.

The 2nd Steward states that he has certain personal effects, including cash, in his cabin on the vessel. He wishes the Police to take action against the four cabin-boys.

Unrest, as the result of the decision of the management to appoint a boy of the s.s. "Pingwo" to act as second steward, now exists among the 24 pantry-boys, 20 firemen, 18 sailors, 35 tallymen and 110 cabin boys of the Indo-China S.N. Company's ship "Loongwo".

In connection with this matter, Mr. Yang Zuan-sung (楊瑞生), a secretary of the Chinese Seamen's Union, called at the company's office on the afternoon of June 24 and discussed the situation with Commander Skyrme. The management, however, refused to alter its decision.

At 9 p.m. June 24, the pantry boys of the s.s. "Loongwo", at that time berthed at Hunt's Wharf, held a meeting aboard the ship and decided that they would refuse to accept the appointment of the new second steward, 胡宝楚 (Hu Pao-tsoo). They further stated that if the management insisted on his employment, they would, in company with the remainder of the crew declare a strike. Ringleaders and spokesmen at this meeting were Pao Tao-fah (包道发) and Ah-ming (阿明), both pantry boys.

At 10.45 p.m. June 24, Mr. Yang Zuan-sung, in company with Mr. Chen Yuen Ming (程永铭), Chief of the 2nd Department of the Seamen's Union, boarded the steamer and conveyed to the workers written instructions from General Yang Hu to the effect that the newly appointed man should be allowed to sail with the ship, that he should not be allowed to work and that after one trip and on the vessel's return to Shanghai, negotiations should be re-opened.

After much persuasion the pantry boys agreed to comply with these instructions and without further incident the s.s. "Loongwo" sailed at 12 m.n. June 24/25.

While the agitation was in progress it was learnt that the crews of the s.s. "Changkiang", s.s. "Tuckwo", s.s. "Chihwo", s.s. "Lisung", and s.s. "Fusung" had expressed willingness to support the "boys" of the s.s. "Loongwo".

It is reported that the reason for the opposition to the appointment of the new steward can be attributed to the fact that at one time he was a member of the ^{Boys} River & Sea-going Steamer Saloon boys' Mutual Advantage Association, Lane 449, 27 East Seward Road, and that he subsequently left the Union and denounced it strongly in the press. The boys of the s.s. "Loongwo" are all members of the Association and the object of their agitation is to have one of their own men promoted to the position of second steward.

Threatened Strike of Stewards Employed On Board The S.S. 'Loong Wo'.

During the late afternoon of June 24, Commander F.H.E. Skyrme of Jardine, Matheson & Co. Ltd., reported that he had received information to the effect that the Chinese Stewards employed on board the S.S. 'Loong Wo' which vessel is due to sail from Hant's Wharf for Hankow at 12 m.n. June 24, had threatened to go on strike if the Company refused to accede to their demands and withdraw from the ship's personnel one named Hu Pao Chai (胡宝初) who has recently been appointed second steward and transferred to the ship in this capacity in place of one named Ying Chung Tuh (应忠德) who has been promoted to chief steward and transferred from the 'Loong Wo' to another vessel.

Apparently the stewards had strongly objected to Hu Pao Chai's appointment and claim that the position vacated by Ying Chung Tuh should have been filled by one of them and not an outsider.

The vessel sailed on schedule without any untoward incident occurring.

A party of Uniform Police and detectives from this Station under the supervision of a senior foreign officer were on duty at the jetty until the vessel sailed at 12 m.n.

It is understood that the men held a meeting on board the ship and on the advice of their Union representatives decided to allow Hu Pao Chai to sail on this trip on condition that the matter was again discussed on their return to Shanghai.

A strong force of River Police under the supervision of two foreign officers were in attendance on board the vessel.

Commander Skyrme attended the jetty at 12 m.m. and expressed thanks for Police assistance.

Remarks

(Any outstanding or peculiar feature to be commented on by investigating officer).

On 24-6-37, D.S.I. Cole, C.V., telephoned this Station, to ascertain what action had been taken in the case of Wong Ing Ling (王恩林), D.S. Foreman who had received an intimidating letter.

D.S.I. Cole was informed that no information relating to the case had reached the Station.

Shortly after D.S.I. Cole had telephoned the undersigned, a report by D.S. Hensman of the Special Branch (S.I.) (with instructions by D.S. Special Branch that Station deal with case written on) together with a pencilled report by W.S. W. W. W. and a pencilled copy of a letter in Chinese addressed to Wong Ing Ling, one Ing Sui, Wong Ling Lung, and Mr. Seah, attached was received from D.S. S.I. with instructions that enquiries be conducted in the case.

Search of the file ascertained that Wong Ing Ling, D.S. Foreman No. 17 employed at D.S. Depot Chuntah Road, had on 22-6-37, received an intimidating letter (translation attached) signed by "members of the Labour Union". He had informed his superiors who had informed A.C. Brennan-Graddock S.A. of the D.S.D. who had requested assistance of Special Branch. (See report by D.S. Hensman S.I.)

As the complainant had been called to attend the Loh Teon Koh (蕭春因) Workshop, Chokiang Road together with Wong Ing Sui (王恩英), D.S. Foreman 28, Wong Ling Sang (王林生), D.S. Foreman 156,

shah (李法法), P.W.D. ganger 11 between 3p.m. and 5p.m.
24-6-37, C.D.S. 64 & C.D.S. 67 were instructed to
proceed to the Lok Tsan Koh Teashop, 462 Chekiang Road
for observation whilst D.S. Weeks was instructed to
wait in near vicinity to render assistance if required.
The detectives, who ascertained that the 4 P.W.D.
employees mentioned above complainant attended the
teashop, remained in the teashop from 3.30p.m. to 5p.m.
but no person spoke to P.W.D. employees.

At 5p.m. 24-6-37, the original letter sent to
complainant and translation was received by the
undersigned.

C.D.S. 64 was instructed to request complainant in
this case to attend Station and at 9a.m. 25-6-37, the
complainant, Foreman 158, 55, 54 & ganger 11 attended
this Station.

Questioned by C.D.S. 64, D.S.I. Li and the under-
signed, the complainant, age 47, native of Shanghai,
living at 15 Koong Hwe Sing Road, Chapai, stated he has
been employed by P.W.D. S.M.C. for 17 years. He has
been a foreman for 17 years and until Thursday last
18-6-37, has had no trouble in connection with his
employment of any kind. At 4.45a.m. 18-6-37, when
proceeding to Shuntah Road P.W.D. Depot he was attacked
by 7 or 8 male Chinese on Koong Hwe Sing Road, Chapai,

who when assaulting him told him to assist the P.W.D. coolies not the P.W.D. S.M.C. He has no idea who instigated assault but can identify 2 of his assailants. He does not know who is the writer of letter which he received at P.W.D. Depot Shunter Road p.c. 22-6-37. Letter bears postmark of No. 9 Section Postbox (Carter Road) and an indecipherable post section mark.

Wong Tung Nyl, P.W.D. foreman 55, age 47, native of Shanghai, living in unnumbered house of Kiaochow Road near Singapore Road questioned stated he has been employed by P.W.D. S.M.C. for 26 years. He has been a foreman for 18 years. He has had no trouble in connection with his employment before and has no information to offer re this case.

Wong Ling Sung, P.W.D. foreman No. 156, age 37, native of Shanghai, living at 25 Soo Ka Pang, Keong Hoo Sing Road, Chapai, questioned stated he has been employed by P.W.D. for 16 years, and has been a foreman for 13 years. He has had no trouble before in connection with his employment and has no information to offer re this case.

Bau Tsah Ching, P.W.D. foreman No. 54, age 38, native of Shanghai, living at 4 Tsung Zau Paung, Keong Wo Road, Chapai, questioned stated he has been employed by P.W.D. for 19 years and has been a foreman for 15 years. He has not had any trouble in connection with his employment

before and has no information to offer re this case.

Li Fah Fah, ganger No. 11, age 26, living at 86/817 Cherry Road, questioned stated he has been employed by the M.D. for 12 years and has been a ganger for 6 years. He has had no trouble before in connection with his employment and has no information to offer re this case.

The above mentioned foremen & ganger have been instructed to proceed to & from their homes with other employees and not alone, and to call Police immediately if assault or intimidation is attempted, also to endeavour to ascertain for police if possible from among M.W.D. coolies who was responsible for assault of complainant and the sending of the letter to complainant. The assault and sending of the letter appears to be the work of disgruntled coolies who by intimidating the foreman will possibly obtain employment.

Enquiries proceeding.

Subject. Ewo River and Seagoing Steamers Saloon Employees' Mutual Advantage Association - Change of Chairman.

Made by. D.S.I. Kao Yen-ken Forwarded by. I Coyne D.S.I.

On May 28, ^{Mr.} Wong Zuan-ching (王尊慶), Chairman of the Ewo River and Seagoing Steamers Saloon Employees' Mutual Advantage Association, Lane 4-9, 27 East Seward Road, was summoned by Mr. Bang Pah-wei (彭作威), Chairman of the Shanghai Branch of the Chinese Seamen's Union, to the latter's office, 680 Chung Hwa Road, Nantao. He was requested to resign from the Association because he had joined, it is alleged, a secret reactionary group. To this request, Mr. Wong agreed to comply.

At about 8 a.m. May 30, while he was in the vicinity of the Association offices on East Seward Road, Mr. Wong was set upon by three men armed with axes. He was, however, fortunate enough to make good his escape without injury and later reported the incident to the Hongkew Station.

On June 1, Mr. Wong handed over the affairs of the Association to the control of Mr. Yu Hwa-ziang (俞華祥), a committee member of the Association, and left for his home at Ningpo. It is learned that the Association has decided to convene a general meeting of members on June 15 with a view to electing new Chairman and committee members.

With regard to the reactionary group, of which Mr. Wong is a member, further enquiries show that through the introduction of Mr. Chao Sz-ching (趙世鏡), a recently dismissed clerk of the Shanghai Branch of the Chinese Seamen's Union, Mr. Wong became a member of a Special Service Group of the Reorganization Party (Mr. Waung Ching-wei's party) with a secret rendezvous at House 54, Mei Lai Faung (梅蘭坊), Rue Amiral Bayle. The new committee members of the Ewo Steamship Tallymen's Club, who were elected on April 11, 1937 (Vide I.R. 12.4.37), held their first meeting in the offices of the Club, Lane 449, No. 27 East Seward Road, between 2 p.m. and 4 p.m. April 12, when they formally assumed office. The following resolutions were then discussed and passed:-

1. That unemployed tallymen be notified that in future when seeking employment they should not apply to the companies directly but to the Club which would recommend them.
2. That, in order to give opportunities for unemployed tallymen, compradores of ships be requested not to engage apprentices.
3. That each member of the Club deposit with a certain bank \$3 a year for a period of five years, and that the sum thus raised be transferred to the club and used for helping unemployed members, etc. It is estimated that a sum of about \$1,000 could be raised yearly in this way.

Subject The activities of the "Two River and Seagoing Steamers' Saloon Employees' Mutual Advantage Association" (Two Boys' Club).

Made by D.P.S. Henchman

Forwarded by I. Boyne D.S.I.

The above mentioned association, more commonly known as the "Two Boys' Club," was officially inaugurated on 28 September, 1936 and became a registered subsidiary of the Shanghai Branch of the Chung Hwa Seamen's General Labour Union. Closely associated with the Boys' Club is the "Two Steamship Tallymen's Club," Chairman Chen Yuen-loong (陳元龍), established in 1933 and also a subsidiary of the Shanghai Branch of the Chung Hwa Seamen's Union.

Organiser of the "Boys' Club" was one Dzung Yah-chen (鄭雅陳), subsequently elected secretary. Dzung in soliciting membership for his union is reported to have used threats and coercion, and in carrying out these illegal activities is known to have had the full support of Chen Yuen-loong who as well as being chairman of the "Tallymen's Club," is also staff member of the Shanghai Branch Office of the Chung Hwa Seamen's Union, and is on very friendly terms with Sang Bah-wei (桑柏威) who is said to be a favoured follower of General Yang Hu, Woosung-Shanghai Defence Commissioner and concurrently Special Kuomintang Delegate for Seamen's Affairs.

From the foregoing it would appear that the Kuomintang and the Chung Hwa Seamen's Union anxious to assume complete control over the Chinese staff of the Indo-China Steam Navigation Company, in this instance the saloon boys in particular, and prevented by law from officially inaugurating a union, were actually behind and in full support of the formation of the society known as the "Two Boys' Club." Much of the friction, disturbance aboard ships, intimidation, etc. can be said to have occurred directly or indirectly as a result of the continued effort of the Chung Hwa Union, supported by the

Kuomintang, to increase its influence over the Company's Chinese staff. Instances of union interference are given as follows:

In August, 1935 the compradore of the s.s. "Suiwo" was threatened by representatives of the "Ewo Tallymen's Club" with a view to forcing him to dismiss two of his tallymen (non-union) who had remained loyal in a previous strike.

In July, 1936 Wung Yah-chen, secretary of the Boys' Club, went aboard the s.s. "Pingwo" and demanded that all saloon boys, kitchen staff, etc. should join his union, threatening that those who refused would be dealt with by the San Huh Wei (三合會), a Cantonese loafers' club. In consequence of this 22 boys and cooks of the s.s. "Pingwo" registered with the union.

Again in July, 1936 when a vacancy occurred for the position of No. 1 Cook on the s.s. "Suiwo," the "Boys' Club" refused to accept the company's nominee and with the approval of the Chung Hwa Seamen's Union installed their own candidate.

Further instance in July, 1936: two saloon boys (union members) of the "Pingwo" dismissed by the Captain for absence without permission. Union Representatives, including Chen Yuen-loong, accompanied by loafers boarded the "Pingwo" and threatened the second steward with a view to reinstating the saloon boys.

In January, 1937, representatives of the "Boys' Club," including Wong Zoen-ching (王尊慶), the chairman, boarded the s.s. "Kutwo" and threatening to bring about the dismissal of those who refused, attempted to induce non-members to join their union.

(On 1st Feb. Wong Zoen-ching was called to the office of the Special Branch at S.M.P. Headquarters and warned against using

coercion to induce saloon boys to join his union." Wong
promised to abandon these practices.)

On 4th Feb.1937, as the result of an attempt by the company to
dismiss certain of its tallymen (union men), a fight occurred
aboard the s.s. "Prominent" while at sea and the vessel was
forced to put back to Shanghai. Chen Yuen-loong who disapproved
of the company's action in dismissing the tallymen, is believed
to have been responsible of the trouble. On 16th Feb.1937,
friction was caused aboard the s.s. "Kungwo" when the tallymen
attempted to usurp certain privileges claimed as their right
by the sailors. A settlement was however affected.

On 19th February, 1937, the respective stewards of the s.s.
"Kiawo" and s.s. "Kungwo" wished to change ships, this with
the company's approval. The cooks, who would have been
transferred with their respective stewards, supported by the
saloon boys opposed the change and Chen Yuen-loong, at the
instigation of Pang Mah-wei, informed the stewards that if they
made the change they would be penalised by the union.

On 26th Feb. 1937, S.M.P. Special Branch H.Q. received a
message from the Indo-China Steam Navigation Company stating
that because six saloon boys of the s.s. "Pingwo" had resigned
from the "Two Boys' Club," trouble might be expected. On 12th
March, information was received that the six saloon boys had
been arrested by the Chinese authorities in Nantao. It appears
that the boys were requested to visit the offices of the
Chung Hwa Seamen's Union in Nantao. This they did and on
arrival were questioned as to their reasons for resigning from
the "Two Boys' Club." Their answers were apparently unsatis-
factory from the point of view of the union officials and a

dispute arose which resulted in the arrest of the boys. They were charged with creating a disturbance and assaulting Chen Yung-ming (陳允明), a departmental chief of the union, and were detained on the authorization of General Yang Hu, at the Woosung-Shanghai Garrison Commissioner's Headquarters, Lunghwa. On 19th March, after seven days detention, the saloon boys were released on security.

The foregoing instances show clearly that the "Two Boys' Club" and the "Two Tallymen's Club," with the support of the Chung Hwa Seamen's Union and General Yang Hu are not acting in the best interests of the employees but seem rather, regardless of what methods they employ, to be interested only in increasing their influence over the Company's Chinese staff.

Attached to this report are copies of letters which form part of a correspondence which has been carried on between the Indo-China S.N.Co. Ltd. and General Yang Hu concerning the activities of the "Two Boys' Club." Perusal will show quite clearly the attitude of the Union towards the Company and in particular its disregard of the necessity for discipline aboard the Company's ships; per ex. quoting from a letter dated 26th Nov. 1936, written by General Yang Hu and addressed to the Company; General Yang Hu states: "Save the orders by the Captain, who has the highest authority on his ship, the crew is not necessary to obey all the commands of other officers, because after all, they are not slaves."

A copy of a letter from the Indo-China S.N. Company, Ltd. to Sir John Brennan containing a memorandum on the activities of the Boys' Club, is also attached.

SHANGHAI

March 23rd, 1937.

The Commissioner,
Shanghai Municipal Police,
Foochow Road,
SHANGHAI.

Dear Sir,

Referring to the case of six boys of our domestic staff who were arrested by the Shanghai Branch of the Seamen's Union with the details of which you are acquainted, we are somewhat apprehensive as to the safety of these men. We attach a list of their names and addresses with a request that, if possible, some supervision might be exercised over them.

These boys resigned voluntarily from the Ewo Boy's Club which has its Office in Seward Road, Hongkew, and we have no doubt that, had they escaped the punishment of imprisonment which they had to suffer, it would have encouraged at least 60% of the remaining boys of our domestic staff to act in a similar way. We know that the Officers of the Ewo Boy's Club bring intimidating pressure to bear on our staff and, for the good of all concerned, we are convinced that it is a bad influence in every way.

The Club is supported by the Ewo Tallymen's Club situated in the same building and this also has a bad influence in support of which we quote the recent fight of tallymen on board s.s. "Prominent" and a certain fracas which took place between sailors and tallymen of s.s. "Kungwo" on approximately January 15th.

We believe that the headquarters of the Seamen's Union would be glad to see the end of the Ewo Boy's Club and we, ourselves, would be glad to see the end of both the Ewo Boy's Club and Ewo Tallymen's Club which are a constant source of irritation to us and seriously interfere with the good management of our ships and our service to the public.

We would be more than obliged if some action on your part could bring about the suppression of one or both of these organisations.

We are, dear Sir,

Yours faithfully,

Sir.

We have the honour to submit the following memorandum on the activities of the Chinese Seamen's Union at Shanghai.

For some months past there has been a decided tendency on the part of certain Branches of the Chinese Seamen's Union to conduct a campaign of lawlessness and insubordination which is subversive of discipline on board ship and, unless firmly checked, will doubtless result in serious accidents. Our efforts to adjust these matters are always met with threats, broken promises, and in some cases, violence.

On November 4th the Headquarters of the Union issued an edict stating, among other things, that the orders of the Captain of the ship must be strictly obeyed.

We pointed out in our letter dated November 10th that the Captain necessarily delegates his authority to his subordinates including the Chinese heads of departments. The Union, in their reply dated November 26th, declared that they did not consider it necessary for the men to obey the orders of anyone but the Captain.

This is an example of the attitude of the Union and, in itself, should be the cause for very strong representation.

Further than this, however, we can show that even the Captain's orders are treated with disrespect by a certain Branch of the Union, viz. the Saloon Staff.

The disaffection of this Department is a comparatively new venture though we can quote an example of attempted interference in the lawful dismissal of a fireman for gross neglect of duty and the troubles with the teaboys, tallymen, etc. are too well known to be enlarged upon.

We have written to General Yang Ku, the Commissioner in charge of the National Seamen's Union, requesting an interview so that the situation can be explained personally to him. This, however, has produced no result - not even an official acknowledgment. We are of the opinion that his subordinates do not wish him to be acquainted with the facts. A copy of our letter (December 24th) to him requesting an interview is attached and also the letter dated December 3rd which we propose to read to him personally.

This last letter summarizes the situation with regard to our Saloon Staff.

passengers with afternoon tea, slovenly dressed, as an illustration, boys only having a singlet on and a pair of long cotton pants. Forks etc; not being properly washed, particles of food remaining between the prongs, and at the joint of the knives, etc. tableclothes not being lifted and the tables underneath dusted, lifebelts remaining in the racks without being taken down and periodically dusted."

Finally, on the last trip of s.s. "Fausang" from Tientsin to Shanghai the Captain had cause for complaint about the dirtiness of the cutlery and recommended the discharge of both pantry boys. The Steward appears to have given rise to the assault made on him on board on the night of 23rd December.

The Captain of s.s. "Fausang" considers that the service in his ship is by no means up to the standard essential to passenger service due to the insubordination of his staff.

We cannot but hold the Union responsible for the above incidents and we trust you will cause the offenders to be justly punished.

We are, dear Sir,
Yours faithfully,

General Managers. Indo-China S.N. Co. Ltd.

General Yang Hu,
Chinese Seamen's Union.

Hantao.

Dear Sir,

We wish to call your attention to two cases of assault by members of the Seamen's Union on fellow-members; namely, Stewards of s.s. "Pingwo" and s.s. "Yausang". From our previous experience it would appear that this is one of the rules of the Union which is strictly enforced and the men concerned should be dismissed from membership of the Union and consequently from our employment.

We quote first from the report of the Captain of s.s. "Pingwo" :-

"Yesterday afternoon (26th Dec), as a result of the incitement of other "B" Saloon boys who have similarly been entirely unsatisfactory and under whose influence Chan Yue Yag seems to be, Chan Yue Yag, after an hysterical outburst which could be heard practically all over the ship, was induced to assault the Steward in his cabin.

"The Chief Officer, Mr. A.E. Smith, was witness to part of this affair, but in view of the peculiar circumstances, refrained from interference. The Chinese handled the affairs themselves.

"The Chief Steward has exhibited wonderful tolerance in the face of perpetual insolence and baiting which has been indulged in of late by all these saloon boys associated with the two who deserted some time ago. He is one of the best Stewards, both as caterer and in service to passengers, who it has been my fortune to be shipmates with in the Company."

We endorse the Captain's remarks about the excellence of this Steward and would point out that the two boys referred to by the Captain are the ones for whom we hold your guarantee of good behaviour.

We are suspending Chan Yue Yag from service pending investigation of the case on the return of s.s. "Pingwo" to Shanghai on Monday, the 4th instant.

We now refer to the case of s.s. "Yausang". Attached is the statement of the Chief Officer which gives the details of the assault. The Captain was asked to make a report and he quotes many instances of dirtiness, shrewdness and inattention to duty on the part of the Chinese domestic staff, saying :-

"During the whole of this period up to date there have been numerous occasions when I have had to speak severely to the Steward over the following :-
Noises and discussions in the pantry by the boys, boys attending officers, wireless operator, and even

Finally this has culminated in personal assaults on two of our Chief Stewards as described in our letter dated December 31st attached. In both these cases such intimidation was brought to bear as to frighten the Stewards from performing their duties by sailing in the ships.

Certain Regulations (attached) were drawn up and reply by the Chinese Seamen's Union is attached. On one point in particular we have not yet come to an understanding, viz. paragraph 5. We would be prepared to agree on this point too but our experience over the past few months has been such as to discredit entirely the good faith of the Union who, so far from supporting us in the dismissal of offenders, exert all their powers to protect them.

Now almost every clause of the Agreement has been violated.

1. The cases of assault on the Stewards of s.s. "Jauqang" and s.s. "Pingwo".
3. Installation of one topass in s.s. "Kuangwo" without reference to the General Managers. This man is still on board but is not on the Articles or in receipt of pay.
4. a) Promotion of boys in s.s. "Kuangwo" who are eligible neither by long service or good conduct.
b) Refusal to allow exchange of staff to be effected on proposed exchange of Stewards of s.s. "Kuangwo" and s.s. "Kiawo".
6. Staff taking leave without permission or going through the proper channels.

Paragraphs 2 and 7 have not yet been put into effect pending a satisfactory settlement of the domestic affairs generally.

All the above would appear to be a quarrel between the Stewards - who are members of the Seamen's Union but not the Ewo Boy's Club - and their Staffs but it is obvious that the results of this state of affairs will be far-reaching.

We therefore request that the matter may be taken up officially so that we may have an opportunity to explain our case personally to General Yang Hu and point out to him that we are willing to co-operate for the benefit of our employees and the general public whom we serve.

We have the honour to be,

Sir,

Your obedient servants,

Dear Sirs,

During the evening of Dec. 23rd at Shanghai, it was reported to me that there was trouble between the Steward and pantry boys, which was developing into a fight.

On going to the saloon to investigate the matter, I found the Steward surrounded by menacing saloon boys and about half a dozen of their Trades Union friends from ashore. One of the latter took it upon himself to settle the dispute with me.

On asking him if he was a Union Official and to produce his card, he said he could not do so, as he was only acting in the capacity of a middleman. Whereupon I declined to discuss ship's business with him as it was no concern of his.

This ended the row for the time being; but the Steward afterwards told me that he wished to leave the ship, in spite of having been here for ten years, as his position was becoming impossible.

The matter was duly reported to the Captain on the following morning.

I remain, dear Sir,
Your obedient servant,

D. Bernhard-Smith.

Dear Sir,

We fully realize that, in this time of National Crisis, the important position which you hold must increase your duties considerably and you can spare little time to matters other than those of immediate national consequence. Yet we feel that the matter we wish to lay before you is of great importance and, if not dealt with immediately and firmly, may have far-reaching repercussions. We refer to the employment of loafers and other bad characters on the wharves by certain Branches of the Seamen's Union to enforce their demands by creating disturbances on board our ships.

We have tried all reasonable methods of negotiations to reach an understanding with the representatives of the union and we regret that we can get no satisfaction.

We therefore beg leave to visit you personally so that we can lay our case before you with confidence that justice will be done. We make this request because the nature of the case is too involved to put on paper without the chance of misunderstanding which we wish to avoid, trusting that you will be able to fix an early date for an interview.

We should like to make it clear that it is our wish to do all we can, ourselves, to maintain order and discipline on our ships and wharves and you can count on our full support in this connection.

We take this opportunity of wishing you the compliments of the season with the hope of a speedy solution to the troubles in which your country is at present involved.

We are, dear Sir,
Yours faithfully,

General Yang Hu,
Chinese Seamen's Union
Shanghai.

Dear Sir,

It is only after trying all means to reach a satisfactory agreement with your Representatives that we take this step of approaching you personally on a matter of the utmost importance.

It is a question of good discipline which you, as an Officer, can fully understand.

We regret to inform you that a certain Branch of the Seamen's Union at Shanghai called the Ewo Boy's Club, under the leadership of one, Chen Yuen-loong, who is Chairman of the Ewo Tallymen's Club, has been formed with the admitted purpose of resisting the authority of the Chief Stewards of our ships and consequently the Captain of the ship who delegates his authority through his Officers to the heads of Departments. This is directly contrary to the spirit of the Decree issued by yourself and the results, if the activities of the Club are allowed to continue, will be a general undermining of all discipline, not only in the ships of our company, but internationally in all ships trading to this Port. The repercussions are bound to be far-reaching.

We have had several meetings with your Representatives on this subject and our relations have been most cordial. Still, however, in spite of our agreements we find the activities of the club in progress and we can only assume that they carry on without the knowledge of their superiors. Their methods are to employ loafers on the wharves to enforce their demands and this has led in some cases to physical violence, particularly in the case of s.s. "Hsin Changwe" last July when the Chief Steward was only rescued by the intervention of the ship's officers and the summoning of the Police. We are glad, however, to inform you that we have agreed with your Representatives that they will take the responsibility for the summoning of Police assistance in future.

The grounds on which the Ewo Boy's Club bases its policy of insubordination appears to be that the Stewards dismiss and employ their staff indiscriminately. For a year now we have been taking particular interest in our Saloon Passenger Department and one of our efforts has been to exercise an adequate supervision over our employees in this Department to see that they were justly treated and gained their promotion by long service and good conduct.

It is only since we introduced this practice that the troubles with our Staff began and we now find out, far from just treatment, the Ewo Boy's Club takes it upon itself to protect wrong-doers and to endeavour to promote members of the staff who are qualified neither by long service nor good conduct.

Their latest action has been to refuse to allow the Stewards - also members of the Seamen's Union, be it noted - to participate in the share of passenger's tips. Although we do not recognise these tips and it is no concern of ours, yet this sort of behaviour must cause illfeeling which we understand it is your object to avoid.

We came to an agreement on the 17th November with your Representatives on the following points :-

1. The settlement of a certain disturbance in s.s. "Kungwo", the details of which are briefly described in the attached appendix.
2. That dealings between ourselves and our Staff would be through the Union Headquarters and not through the Ewo Boy's Club.
3. That internal arrangement, appointment and promotion of Staff in ships would be left in our hands and worked from a roster of service which we keep.
4. That in the event of new employees being required they would be taken from a list of our employees a copy of which would be sent to the Union.
5. That we should summon Police assistance in case of any disturbance from the direction of Ewo Boy's Club and that the Union would take the responsibility/

We regret to say that the first clause of the agreement has not been complied with and it shakes our faith in the fulfilment of the remaining clauses. For this reason we have taken it upon ourselves to approach you direct and to ask that you will be good enough to use your influence in the suppression of the activities of this Ewo Boy's Club. Otherwise, as we have said before, we fear that a state of undiscipline will run through our Fleet with consequent danger to ships involving loss of life and property which will be readily traced to the bad influence of certain Branches of the Seamen's Union.

All this, as you can readily understand, is particularly important, in the case of ships where good discipline is essential. Not only will any cases of insubordination be immediately noticeable by the travelling public, but there will be every danger of a serious accident which would undoubtedly have world-wide publicity.

We are, dear Sir,
Yours faithfully,

General Managers. Indo-China S.N. Co. Ltd.

December 3, 1936.

P.S.

Since writing the foregoing we have received a letter from your Union dated 26th November in reply to our comments on your decree.

We pointed out that the Captain of a ship necessarily delegated his authority to his subordinates and suggested that the decree, stating that only the Captain and the Purser could give orders which must be obeyed, should be amended.

The letter from your Union dated 26th November stated that they did not consider it necessary for the crew to obey commands from anyone else. It is surely not necessary to remark further on this to an Officer of your experience.

CASE OF S.S. "KUNGWO"

The Chief Officer retired and his personal servant, who had been many years in the Company, retired with him.

Instead of allowing the new Chief Officer to choose his own servant, the Two Boy's Club took it upon themselves to promote from the "B" Saloon a boy who is recommended neither by long service nor good conduct (he having absented himself from the ship twice without permission of the Captain). Furthermore, they promoted the lavatory and bath attendant to be a Saloon Boy and brought in his place another man of whose antecedents we know nothing and who, we have reason to suspect, is not a good character owing to his connection with the Two Boy's Club.

It was agreed with your Representatives, who were not aware of the action of the Two Boy's Club, to revert these men to their former positions pending settlement. This agreement, we regret to say, has not been carried out.

Messrs. Jardine, Matheson & Co.

Dear Sirs,

With reference to your letter of the 10th November asking us to amend article 4 of our notification, we beg to point out to you that the nature of that notification is to warn our fellow members from doing any unlawful acts. It is by no means an oppression on the workmen.

Save the orders by the Captain, who has the highest authority on his ship, the crew is not necessary to obey all the commands of other officers, because after all, they are not slaves.

You are dissatisfied with a certain section of your employees, you therefore disapprove with our circular letter. As to the "Tung Yih Club" it is formed by the staff of the Steward department of different ships with an object of promoting good feeling amongst themselves. It may help your business if you have enough confidence in it. Through our investigation, we find that the said club is looked upon as a hazardous organization because your Mr. Ma, the Chief Steward, and a rascal named Li are trying various ways of spoiling it in a view to form another organization of their interest.

We wrote in your letter that one Wang Sin Ching brought a gang of rascals to force upon the employing of certain workmen. As Wang Sin Ching is a responsible member of the "Tung Yih Club" and at the same time a very honest person, we cannot believe that he would have done such a thing like this.

We also can hardly agree with you on the point that we disorganize the said club so that we may get your co-operation, for our Union is operating under the instructions of the Central Kuomintang with the object to protect the interests of our fellow workmen. In order to avoid any unnecessary disputes or trouble in the future, we advise you to keep a watchful eye on your Mr. Ma and give him instruction to dissolve his club. In the meantime, we shall pay special attention to steps taken by the "Tung Yih Club" so that it will co-operate with you for mutual benefit.

Yours faithfully,
Chinese Seamen's Union.

General Yang Hu,
Chinese Seamen's Union,

Dear Sir,

We much appreciate your decree to the members of your Union and you may be sure that the rules you have drawn up are, in principle, in accordance with the good conduct, management and discipline of a ship for the benefit of our shippers, consignees and the travelling public. These are the principles we aim at, keeping in mind justice and fair play to our employees. We would like, however, to call your attention to Article 4.

The Captain necessarily delegates his authority to his subordinate Officers in the execution of details of the ship's work in the different departments. These Officers are responsible to him and the heads of departments are, in turn, responsible to the Officers.

We would suggest, therefore, an amendment to your decree, making this clear.

In connection with this decree, we wish to bring to your notice the case of the tallymen and watchmen of s.s. "Paoan".

Recently the neglect of these men occasioned the loss of cargo to the extent of over \$300.00. The Compradore paid for this loss but that in no way makes up for the unsatisfactory service given to shippers and consignees. The Compradore has long wished to make changes in his staff but has been unable to do so under pressure from your Union. We would be glad if this matter can be cleared up satisfactorily.

We also wish to call to your notice unwarranted interference with ship's discipline and routine in the Saloon Department by certain persons purporting to represent your Union without any reference to ourselves.

The first case is that of s.s. "Pausang".

The Steward, under instructions from the Master who had reported the case to us, proposed to change one of his staff who was dirty, negligent and in every way unsatisfactory.

He made arrangements with your Union to take a Union man in his place but when the time came to make the change he was informed that he could not discharge the unsatisfactory members and the ship sailed with this man still on board on Wednesday, November 4. We would be glad of an explanation of this affair and also an assurance that this change will take place without trouble on the return of s.s. "Pausang" on the 13th instant.

The second case is that of the "Kungwe" on the 6th instant.

It was reported to us that certain members of your Union had instructed the Steward to appoint a certain boy, (Wang Kun Fo), from the "B" Saloon to be personal servant to the new Chief Officer in place of the late Chief Officer's boy who left with him.

Apart from the fact that the boy named is by no means satisfactory, having absented himself from his place of duty on board for two trips as reported by the Captain, we do not tolerate this interference. It is a recognised custom that the Chief Officer may choose his own boy. This however was resisted by a force of about thirty loafers led by one, Wang Tsui Chen, a member of the Two Boy's Club.

We have telegraphed to s.s. "Kungwo" that these boys are to revert to their former positions. It is ridiculous to suppose that a topass can assume the duties of a Saloon boy.

The Third case is that of s.s. "Pingwo".

Some months ago you will recollect that, by mutual agreement, two boys of s.s. "Pingwo" who deserted their ship were re-instated on your guarantee of good behaviour and a public apology to the Captain.

It has now been reported by the Captain that these two boys devote their time to irritating the Steward who is in charge of their department, and acting in a highly insubordinate way towards him.

The same remarks apply to the similar case of the Saloon boy of s.s. "Paowo".

This is not in accordance with the guarantee of your Representatives. It is noteworthy also that all three of the ships involved in the original trouble we had are the subject of our complaints. We trace all these incidents to the influence of the lately formed Two Boys Club.

We regret that we have to make all these complaints about the conduct of our employees, particularly the Domestic Staff. In the past our relations were of the best and we have an excellent name for good service with our clients. Since, however, the formation of this Two Boy's Club there has been a series of troublesome incidents gravely affecting the efficiency of our service.

In your letter of the 4th instant, covering your decree, you ask for our co-operation. It is obvious that co-operation is a reciprocal term so that, if you expect co-operation from us, we must ask you to do your part in the suppression of the activities of this Club.

It appears that this Club is acting in direct contravention of our friendly relations and is doing its best to stir up discontent and bad feeling among our employees.

We trust you will treat the contents of this letter as urgent and important and take the necessary action.

We are, dear Sir,
Yours faithfully,

Dear Sirs,

In company with this letter, we are sending you a Decree recently issued by our Union to all our Union's members calling their attention to certain particulars in regard to the performance of their duties on board ships.

As our Union's members are scattering over different ships, it is difficult to supervise the behaviour of each individual member. We are therefore framing up certain rules, as listed in our Decree, governing the behaviour of each of our Union's members on board ships.

In the hope that our Decree will be strictly observed by all our Union's members, we ask for your generous co-operation with us. Should there be any misbehaviour on the part of our Union's members, please advise us and we will enforce our punishment accordingly.

Yours faithfully,

An outline of the Rules, as listed in the Chinese Seamen's Union Decree, Governing the Behaviour of Union's Members on board ships

1. No union's members are allowed to smoke opium.
2. Union's members shall not smuggle or carry contraband goods.
3. Union's members must not ill-treat or insult passengers and force passengers in regard to tipping.
4. Union's members must obey the Captain's or Purser's order.
5. In case the ship is in peril, every Union's member must exert his utmost to save the ship.
6. Union's members should not commit any action contrary to the Regulations set up by the Union.

Dear Sirs,

We have received your letter of September 14 with
enclosed Regulations (English and Chinese attached).

In regard to these Regulations that you have framed
up for the guidance of your Saloon Staff, we have certain
comments to make.

As to Article 1 of the proposed regulations, we
entirely agree with what it now stands.

Article 2 relates to physical examination. We would
suggest that the examination should be taken once instead of
twice every year. If staff members are found to be unfit for
work, they should be sent to hospital. After their recovery,
they should be admitted to resume their respective work.

Respecting Article 3, we like to suggest that you
would revise this Article so as to permit only our Union's
unemployed members to fill in any vacancy which might appear
in the steward department.

We are also in accord with the provision in the
Article 4 of your proposed Regulations. However, we like to
suggest that promotion should be confined to our Union members.

As to Article 5, we propose that before punishing
any staff member, our Union must be notified.

Article 6 relates to absences or leaves of staff.
We suggest that members of staff should be entitled to ask
for leave thrice a year. The duration of leaves would of
course vary with needs on the part of staff.

We would entirely agree with the provision of
Article 7 relating to the wearing of uniform.

Respecting Article 8, we are of the opinion that
since you have set up definite working hours for your staff,
there is no need to keep record of their works.

Other than all articles which you have framed as
commented above, we would like to call your attention to add
one more article to your proposed regulations. This is to
grant the staff members, when oppressed by the Steward a right
to report to the steamer's Master directly, so that arrangement
may be made with our Union for investigation or settlement.

Hoping our suggestions will receive your favourable
consideration,

We are, dear Sirs,
Yours faithfully,

Dear Sir,

Saloon Staff - Indo-China Steam Navigation Co. Ltd

Much time and patience has latterly been expended on lengthy conferences on various matters arising out of the behaviour of our Saloon Staff.

In order that there shall be a clear understanding in the future we have framed the enclosed Regulations (Chinese translation attached) for the guidance of our Staff and propose to place this on the notice boards of our ships in English and Chinese.

We think you will agree that these Regulations are reasonable and fair to all parties and we would be obliged if you would reply at an early date to this effect.

REGULATIONS FOR SALOON STAFF

1. Discipline

Every person employed by the Company must be at all times diligent in their respective duties and obedient to the lawful commands of the Master and the General Managers. The Chief Steward, as head of his Department, is responsible through the Purser to the Master for the good order, discipline and efficiency of his staff. Therefore, there must be close co-operation between the Chief Steward and his staff to promote good service and consequent benefit to all concerned.

2. Medical Examination

In accordance with the Principles of the New Life Movement it is desirable that all employees, especially in this particular branch of Service, should be clean and free from disease. Therefore a medical examination of all the domestic staff will take place at intervals of six months by arrangement with the Government Quarantine Service. Men suffering from incurable diseases will be discharged.

3. Engagement

As most of the Company's vessels are over-staffed with regular employees and extra assistants who are not authorized, no further staff will be engaged, except in emergency, until the present unauthorized employees are absorbed. From that time apprentices will be engaged as assistant pantry boys and assistant cook-boys to learn the duties of the higher grades. They will be required to register, with photograph, on the Company's form.

4. Promotion

A roster is kept by all employees based on the Company's form of registry which must be filled up by all employees. Promotion will be made on length of service combined with reports by the Master of efficiency and general behaviour.

In view of the Chief Steward's large financial responsibility, the position of Chief Cook and Pantry Boy storekeeper will be filled by men who are acceptable to him.

5. Punishments for misbehaviour

Complaints of domestic staff will be investigated by the Purser who will report the matter to the Master. He, in turn, will render his report to the Company for the necessary action to be taken. Serious offences such as insubordination will be punished by dismissal.

6. Leave

All members of the staff are entitled to one trip off per six months provided they can be spared. Requests for a trip off must be forwarded through the Chief Steward and Purser to the Master and should, if possible, be made during the slack passenger season, viz. the Winter.

7. Uniform

The Company will provide uniforms for the domestic staff and thereafter all members of the staff will be expected to be well dressed when on duty.

8. Duty Book

A Duty Book will be kept by the Chief Steward detailing boys for duty at times of the day other than meal times. At meal times all the staff must be on duty.

Subject Disposal of seven persons arrested at the Seamen's Union and charged with assault.

Made by and Forwarded by Supt. Tan Shao-liang.

Mr. Bang Ba Wei, Chairman of the Shanghai Branch office of the Chung Hwa Seamen's Union, telephoned this afternoon stating that the seven persons who were arrested at the Seamen's Union at Nantao on March 11 and have since been detained at Lunghua, will be released on March 19 or March 20 on security to be furnished jointly by Messrs. Wong Siao Lai and Ching Ting Sun.

This information was confirmed on enquiries made of Mr. L.P. Sung, Secretary of the Union.

It may be mentioned here that Li Tsai Sung of the prisoners is a follower of Mr. Ching Ting Sun (French-town fraternity) and the six others are followers of Zao Yu San.

REPORT

Date March 13, 1937

Subject Arrest of Indo-China Steam Navigation Company's employees in Nantao.

Made by D.P.S. Henschman

Forwarded by T. Boyne D.S.I.

Further to a report dated 12th March, 1937, it has been ascertained that the six saloon boys of the Indo-China Steam Navigation Company's vessel "Pingwo", who were arrested on 11th March in Nantao and who resigned from the Saloon Boys' Club on 27th February, 1937, published an advertisement in the "Shun Pao" on 27th February giving notice of their withdrawal from their society. The names of the six men concerned appeared in the advertisement and are as follows:-

Ho Pau Taho (胡宝涛)

Mo Chun Fu (马春富)

Lieu Ah Mau (刘阿毛)

Yau Kwei Lin (姚桂林)

Chen Taho Teh (陈祖德)

Mo Ning Fah (马银发)

Together with the above mentioned men two other employees of the Indo-China Steam Navigation Company, one Zee Shing Fah (徐兴发) and one Kou Shou Liang (顾少良), also announced their withdrawal from their society (translation of advertisement hereto attached).

On the morning of 12th March, Commander Skyrme of the Indo-China Steam Navigation Company received an anonymous letter wherein was contained an account of the arrest of the six saloon boys of the s.s. "Pingwo", and a request that the Company should do its best to secure their immediate release (copy of letter hereto attached.)

Account regarding the wrong arrest of six Saloon
Staffs S.S. "Ping Wo", and Mr. Wilson Li 11th p.m.

Yesterday afternoon at about three o'clock, the six Saloon Staffs together with Mr. Wilson Li, representative of the Stewards Associated Office, were arrested by the armed Chinese Police to the Garrison Headquarters at Lunghwa, (?) and they were retained there until at present.

The information so far obtained is that on the 8th p.m. the Investigating Officer from the Branch Union came on board the "Pingwo" asking the six saloon staffs why they should resign "Dong Yih Zoo" and they were required to go to the Branch Union to give reasons. Thinking that the Union's request should be obeyed, the Chief Stewards of "Pingwo" & "Kungwo", Mr. Wilson Li, and 6 Saloon staffs went there on the 9th p.m. to the Branch Union where the anti-Dong Yih Zoo boys argued with the Dong Yih Zoo's boys. Their discussion ended in failure. On the 10th, the Branch Union sent an official letter to the "Pingwo" requesting again those anti-Dong Yih Zoo boys to the Branch Union for explanation. On the 11th p.m., Mr. Wilson Li together with the six saloon staffs went there as requested. When they reached there, the Officers of the Seamen Union said to Mr. Wilson Li that they wished to make a final adjustment with him. Upon this the door was closed, and a heated discussion followed, with noise indicating assault. Few minutes later, the door was opened and immediately after armed Chinese police entered, arrested all these men and handcuffed two of them.

From the above statement, the matter is very clear that as the Branch Union have always cooperated with the Dong Yih Zoo for financial advantage the above seizure of lawful persons has been well planned and arranged through all means. Their aim is to intimidate Mr. Wilson Li to give up in the first place, and to threaten the boys to stick to Dong Yih Zoo to continue and increase their bad behaviour throughout the Company's steamers. Mr. Wilson Li, and the anti-Dong Yih Zoo boys have greatly been wronged, and it is earnestly hoped that the Company should effect immediate release of these men, and to make redress to this great grievance in the future.

Shanghai, 12th March, 1937.

The following advertisement was inserted
in the "Shun Pao" on February 27, 1937:-

of the s.s. "Teh Woo" 德和 announcing the withdrawal of their

Subject Seamen arrested at Nantao.

Made by and Forwarded by Supt. Tan Shao-liang.

According to information furnished by Mr. L.P. Sung (孙永平), Secretary to the Special Kuomintang Delegate for Seamen's Affairs, (also Secretary to Waichiaopu's Office) seven seamen (a steward and six boys) are now detained in the Detective Office of the Woosung-Shanghai Defence Commissioner's Yamen at Pah Yung Kwan, West Gate, on a charge of creating a disturbance in the Shanghai Branch Seamen's Union at Ta King Road, Small West Gate at 3 p.m. March 11, and assaulting Chen Yung Ming, a Departmental Chief of the Union, causing him serious injury.

The arrest and detention of the prisoners was authorized by General Yang Hu on receipt of a report from Mr. Bang Bai Wei, who is one of the officials in charge of the Seamen's Union.

General Yang Hu is unwilling to release the prisoners and will probably send them to Court.

Subject Arrest by Chinese Authorities of six employees of the Indo-China Steam Navigation Company.

Made by D.P.S. Henschman

Forwarded by T. Boyne D. S. I.

At 6 p.m. March 11 information was received from Commander Skyrme of the Indo-China Steam Navigation Company to the effect that during the afternoon six employees of his company together with one Li Tai-zung (李戴庄) had been arrested by the Chinese Authorities in Nantao. In explanation, Commander Skyrme stated that on February 27, 1936, six saloon boys of the s.s. "Pingwo," now in dry dock, resigned from the Saloon Boys' Club. On March 11, it is stated, the six saloon boys were requested by the Shanghai Branch of the Chung Hwa Seamen's Union to attend at the offices of the Union in Nantao. In company with Li Tai-zung representing the Two Stewards, the six men went to the offices and were questioned by the Chief of the Union as to their reasons for resigning from their club. In the opinion of the Union representatives the saloon boys failed to give satisfactory answers to their questions and it appears that a dispute arose which resulted in the arrest of both the saloon boys and Li Tai-zung.

The prisoners are now detained at the Woosung-Shanghai Garrison Commander's Headquarters, Lunghwa.

A telephone message was received at 10.15 a.m. February 26 from Commander Skyrme of the Indo-China Steam Navigation Company, to the effect that he anticipated trouble aboard the s.s. "Pingwo" when that vessel berthed at Munt's Wharf (Hongkew District) at 11 a.m. to-day, February 26.

Commander Skyrme explained that five members of the ship's crew had recently resigned from the Two Boys' Club, and that he had received information that members of the Club were considering meeting the ship and using force if necessary to induce the persons affected to withdraw their resignations. Police protection was therefore requested.

SE Ning-hwa (施德華), the steward of the

s.s. "Kungwo" of the Indo-China Steam Navigation Company
are reported to have arranged between themselves to change
ships and both intend to take away with them three cooks
from each vessel. With the support of the saloon boys
of the two steamers, the cooks concerned are opposing to
this arrangement, and are negotiating with the stewards
for a settlement.

There are three cooks on the s.s. "Klawo" and six
on the s.s. "Kungwo," the former being paid \$38.00 and the
latter \$18.00 per mensem. It is learned that the cooks on
the s.s. "Kungwo" obtain a large amount in tips from
passengers, although they receive lower wages. On the
contrary, the cooks on the s.s. "Klawo" receive higher pay
but less in tips. The difference is due to the fact that
the s.s. "Kungwo" which runs between Hankow and Shanghai,
continues in service throughout the year, while the s.s.
"Klawo," which runs between Chungking and Shanghai, suspends
at certain periods owing to low water.

Subject: S.S. "Kungwo" - Trouble anticipated between tallymen and sailors

Made by D.P.S. Hanchman

Forwarded by J. Boyne D.S.I.

Information has been received from Commander Skyrme of the Indo-China Steam Navigation Company to the effect that there is a possibility of trouble arising between the tallymen and sailors of the s.s. "Kungwo" when that vessel berths at Hunt's Wharf (Hongkew District) in the forenoon of tomorrow, February 18.

Commander Skyrme stated that the cause of the trouble concerned certain perquisites to which the sailors were justly entitled. Before the "Kungwo" left Shanghai on her present trip, the tallymen attempted to usurp the privilege which the sailors claim as their right, to collect and sell rice sweepings from the hold of the ship; the sailors resisted, with the result that four tallymen were injured and were left in Shanghai. After the ship had left Hankow and was on its return voyage, the Captain was informed that trouble was likely to occur when they docked at Shanghai; he transmitted this information to his Company.

Commander Skyrme, however, has received information subsequent to the foregoing that Wilson Li (李國光), a steward of the Company and Pang Pah-wei (彭伯威), Chairman of the Seamen's Branch Union have settled the dispute between the two parties and that trouble will not occur. Commander Skyrme, though trusting Wilson Li, is inclined to believe that in spite of this settlement, trouble may occur, and he therefore requests that Police protection be provided.

Subject Indo-China Steam Navigation Company - dispute between compradore
and tallymen of the s.s. "Prominent".

Made by D.P.S. Henschman

Forwarded by J. Boyne D.S.I.

The s.s. "Prominent" arrived at Shanghai from the South at 9 a.m. February 13, 1937 and tied up at No.2 Buoy in midstream in order to avoid the possibility of trouble occurring with the old tallymen. It will be recalled that the latter, some 20 in number, during the last voyage of the "Prominent" were involved in a fracas with an equal number of new hands and were subsequently sent back to Shanghai.

At 1 p.m. February 13, Chen Ping Zung (鄭聘生), compradore of the s.s. "Prominent", Bang Pah Wei (彭伯威), and Wong Chi Ih (王奇一) of the Seamen's Union, Chen Yuan Loong (陳元龍), committee member of the Two Tallymen's Club, and Zung Tse Liang (鍾子良), a committee-man of the Chowchow Fellow Countrymen's Association, met in the Shanghai Branch of the Chung Hwa Seamen's Union, City, and eventually arrived at the following agreement:-

1. That the old tallymen resume work at 9 a.m. February 14, 1937.
2. That Assistant Compradore Mang Hou Foh (馬候福) be dismissed from his employment (This person is alleged to have been responsible for the assault on the old tallymen.)
3. That the five cabin boys who were involved in the fracas be permitted to resume work.
4. That both sides issue instructions prohibiting the recurrence of trouble in the future.
5. That the hospital bills of the injured tallymen and the new hands be paid by the Tallymen's Club and the compradore respectively.
6. That the wages of the tallymen commencing from the date they resume work be reduced by 10%. No wages are to be paid for the period during which they did not work.

At about 2 p.m. February 6, 1937, four persons claiming to represent those tallymen of the s.s. "Prominent" who had been sent back to Shanghai in consequence of a fight which occurred on board the vessel on February 4 (Vide report dated 6/2/37), called at the Chung Hwa Seamen's Union, No.33 Oong Ka Loong, City, and requested the latter to submit the following demands to the Indo-China Steam Navigation Company:-

1. That the Company should divulge the names of those new hands who were responsible for the assault on the old tallymen.
2. That the comradore of the vessel be dealt with adequately.
3. That the Company pay the hospital bills of the injured tallymen and grant a certain sum to their families for their maintenance.
4. That the Company should provide maintenance for the old tallymen while they are not working.
5. That the Company should notify the Seamen's Union when a change of staff employed on vessels is contemplated.

Wong Yah Lung (*王雅龍*), a department chief of the Union, promised that their request would be duly considered, and having received this assurance the deputation withdrew.

On February 6 the four injured tallymen who had previously attended the Chinese Lester Hospital on February 5, visited the Yung Chuen (*余*) Hospital, Avenue Joffre; they were accompanied by four of their colleagues who are also alleged to have been injured in the fracas. After treatment they were each given a certificate by the hospital and discharged. J. Boyne D.S.S.

At 8 p.m. February 4, 1937, when the s.s. "Prominent" of the Indo-China Steam Navigation Co., was already some distance outside Woosung, a dispute concerning accommodation, occurred. This dispute resulted in a fracas between some 20 of the old tallymen and an equal number of those tallymen who were being repatriated to Hongkong. Four of the old tallymen were injured and were subsequently taken to hospital.

The ship returned to Woosung and the Captain arranged with the ~~Water~~ ^{Police} Police for the latter to escort both the old tallymen and those who were to have been repatriated, back to Shanghai. The ship subsequently resumed her voyage for the South.

On arrival at the Customs Jetty the old tallymen returned to the Seward Lodging House, Lane 568 No.2 East Seward Road, while the remainder dispersed. The four injured tallymen afterwards attended the Chinese Lester Hospital but were discharged after having received treatment.

It is reported that Zao Ling (*趙 玲*), a lawyer engaged by the Ewo Tallymen's Club will bring the injured tallymen before the Shanghai District Court to-day for examination and that the Club in question will submit demands to the Indo-China Navigation Company for the dismissal of Zung Ping Zung (*鍾 平 鍾*), the comradore of the s.s. "Prominent", and the payment of the hospital bills of the injured tallymen.

It is the intention of the Indo-China Steam Navigation Company to repatriate the Hongkong tallymen as soon as possible.

S.S. Prominent Captain
Orders Vessel Back

A fight on the high seas between members of the Chinese crew of the S.S. Prominent, Norwegian freighter now under charter to Jardine Matheson and Company, Ltd., forced that vessel to return to Shanghai yesterday morning for purpose of putting four men in need of medical treatment ashore.

The fight occurred early yesterday morning in the quarters of the Chinese crew. Knives flashed and four men were wounded, one of whom was rather badly cut up about the face and neck. The other sustained only minor wounds but were in need of more medical attention than mere first aid, which was all that could be given aboard the ship.

The battle started, a China Press reporter learned last night, as the result of an argument which had developed between union men and a few non-union hands who happened to be on the boat. The union men apparently believed that the non-union seamen had no right to be on the vessel and after lengthy verbal fireworks, the argument developed into a pitched battle in which knives were the principal weapons.

Learning of the trouble, the ship's officers proceeded to the crew's quarters and succeeding in stopping the fracas and restoring order. The four principals of the dispute, it was found, also were wounded and rather than keep them on board until he reached Hongkong, the destination of the ship, the captain decided to turn back and hand the men over to the Customs authorities at Woosung for transfer to the River Police.

The ship was turned about at once and reached Woosung shortly before noon yesterday. The men were placed aboard a Customs launch and reached the Customs Jetty on the Bund about 3 p.m. They were taken by ambulance to the Lower Chinese Hospital where their wounds were treated and were then handed over to the Central Police Station where they were kept for a few hours before being turned over to the River Police. It is understood that they will be placed in the hands of the Special District Court in Shanghai for trial.

In the meantime, the S.S. Prominent has left Woosung and is going back on her way to Hongkong, having lost practically a day because of the fight.

The Prominent, a vessel of about 1,000 tons, is from Haugesund, Norway. She has been in China waters for some time and recently was chartered to the Jardine Matheson Company for operation along the coast.

RETURN OF INJURED AFTER A FIGHT AT SEA

N.C.D.N. Photo.

Rival factions of the crew of the Norwegian ss. Prominent fought to such an extent that the master of the vessel brought her back to Woosung yesterday morning after having sailed from Shanghai on the previous day for Swatow. River Police, a Norwegian Vice-Consul and a doctor journeyed to Woosung and brought back four injured Chinese, one of whom is seen being placed in an ambulance at the Customs Jetty. All were discharged from the hospital after treatment.

FRACAS AMONG TEA-BOYS IN S.S. PROMINENT

A fight which grew to such proportions that it became necessary to bring a ship back to port a few hours after sailing, was revealed when four injured Chinese were brought up-river from Woosung and loaded into an ambulance at the Customs Jetty yesterday afternoon. The ss. Prominent, a Norwegian vessel, sailed from Shanghai for Swatow on Thursday. Trouble developed between rival factions in the comprador's staff of tea-boys and spread until a large group of the ship's complement were feeling the effects. The master of the vessel eventually found it necessary to turn her around and put back to Woosung, where the River Police were called on to lend a hand.

A party left Shanghai at 9 a.m. for Woosung in a launch under the direction of Mr. W. C. Woodfield, Superintendent of the River Police. They included one of the Norwegian Vice-Consuls and a foreign doctor.

On their arrival, the master of the Prominent requested the police to remove about 35 of the more pugnacious members of the crew but preferred no charges against them. The four members of the crew who were most severely injured were brought back to Shanghai in the launch and sent to the Lester Chinese Hospital in a Fire Brigade ambulance.

Get Up and Walk

At the hospital, shortly after 2 p.m., two were treated for contusions of the chest, one for lacerations of the face, and the fourth for a bruise of the hip. They were then told to get up and walk which they did—right out of the hospital.

The fracas on the ship was between union and non-union parties, under the leadership of rival compradores. The services of the old comprador and his men had been dispensed with previously, but they came to Shanghai and boarded the vessel shortly before she sailed. The difficulties between the old comprador and the new comprador were hastily patched up, and the vessel sailed out of the harbour in a peaceful fashion on Thursday evening.

When word reached Woosung that night a heated argument between the two factions over compensation developed into a violent fight. The injured were sent back to the master of the vessel, who had to get back to Shanghai at once as a result of the police and medical attention.

The ss. Prominent is chartered by Jardine, Matheson & Company, Ltd.

of the s.s. "Prominent", Chinese name s.s. "Kwangsang".

Made by D.P.S. Henschman

Forwarded by J. Boyce D.S.I.

In connection with the opposition of the twenty-one tallymen of the Indo-China Steam Navigation Company's s.s. "Prominent" to a decision of the new compradore of the vessel to dispense with their services and to engage new hands in their stead (Vide I.R. 3/2/37), a meeting was held under the auspices of the Shanghai Branch of the Chung Hwa Seamen's General Labour Union, in the office of the Ewo Tallymen's Guild (怡和理貨俱樂部), Lane 449, No.27 East Seward Road, at 12 noon February 3. The following persons attended:-

Zung Ping Zung (鄧聘臣), new compradore of the s.s. "Prominent".

Ling Shao Liang (林學良), Assistant compradore of the s.s. "Prominent".

Zung Yuan Loong (鍾元龍), standing committee member of the Ewo Tallymen's Guild.

Zao Sz Ching (趙世鏡) of the Shanghai Branch of the Chung Hwa Seamen's General Labour Union.

Yang Zeu Sung (楊瑞生) -do-

During the meeting, the new compradore agreed to cancel his decision to dismiss the twenty-one tallymen, but he retained the right to discharge with the approval of the Seamen's Union, those who are found to be inefficient. He further promised to repatriate the new hands who were engaged at Hongkong.

Commander Skyrme of Jardine, Matheson & Co., in a telephone conversation stated that owing to the reversal of the compradore's decision he was of the opinion that chances of trouble occurring aboard this vessel had been considerably reduced.

Made by D.P.S. Henchman

At 10 a.m. 3rd February, 1937, a telephone message was received from Commander Skyrme of Jardine, Matheson and Co. Ltd. to the effect that one Chen Yuan Lung (144, 1/2 1/2) of the Ewo Tallymen's Club, Seward Road, had in company with a number of Chinese of the loafer class, forced his way aboard the s.s. "Prominent", berthed at Hunt's Wharf in Hongkew District, and had threatened to create a disturbance unless certain tallymen who had been dismissed were reinstated.

Commander Skyrme went on to explain that when the s.s. "Prominent", a vessel chartered by Jardine, Matheson and Co., reached Hongkong it was found necessary to discharge the tallymen who had travelled with the ship from Shanghai.

A new set of non-union tallymen were engaged but the old employees remained aboard and returned to Shanghai as passengers. When the ship tied up at Hunt's Wharf on 3rd February these men refused to go ashore and are still aboard. The s.s. "Prominent" is due to sail at 4 p.m. tomorrow, 4th February, but trouble may be expected when cargo is loaded this morning.

Made by: D.S. McKewen Forwarded by: J. Bayne D.S.I.

Following an interview with Commander Skyrme regarding the activities of the Two River and Seagoing Steamer Saloon Boys' Mutual Advantage Society, it was agreed that a warning from the Police might curtail the activities of the Society. Accordingly, "Wong Zoen-ching" (王尊慶), representative of the society, was called to the office of the Special Branch during the afternoon of February 1, 1937. He was informed that the members of the Society were accused of boarding the s.s. "Kutwo" at Hunts Wharf on January 24, 1937 and using threats in an endeavour to induce the cabin boys on the vessel to join the Society. In reply, Wong Zoen-ching admitted that members of the Society had visited the vessel but denied that any threats had been used. He was then informed that these visits to vessels were unauthorized and must be discontinued, otherwise action would be taken against the promoters of the Society. Wong Zoen-ching agreed to discontinue these visits and promised that the company would experience no more difficulty from the Society.

At 2 p.m. January 26, thirteen persons claiming to represent saloon boys of various steamers of the Indo-China Steam Navigation Company held a meeting in the office of the Mutual Advantage Two River and Seagoing Steamer Saloon Boys' Society, Lane 449, No. 27 East Seward Road. Representatives of the following organizations were also present :-

Hou Chi-tung (侯寄通), of the Chung Hwa Seamen's Special Kuomintang.

Yang Zou-sung (楊瑞生), of the Chung Hwa Seamen's General Labour Union.

Chen Yuen-loonz (陳元龍), of the Shanghai Branch of the Chung Hwa Seamen's General Labour Union.

Ma Zoonz-hsien (馬仲岷), of the China Merchants' Steam Navigation Company Tallymen's Guild, Nantao.

Zia Ngoh-zung (謝鉅城), of the Cabin Boys' Union, Nantao.

Wong Wen-hwa (王文華), of the Chung Hwa Yangtze River Small Steamers Seamen's Club, Nantao.

Among the resolutions passed during the conference were the following :-

1. That representatives of saloon boys of various steamers of the Indo-China Steam Navigation Company be held responsible for collecting membership fees before the end of March, 1937. It was decided that the funds should be deposited in a bank, and no committee members of the society be allowed to draw the money without sufficient reason.
2. That a special fee of \$0.30 each be collected from members for the expenses of the Society.

3. That endeavours be made to induce those saloon boys who have not yet joined the society to become members. Saloon boys who apply to join the society are each required to pay \$4.80 as an admission fee and \$1.00 for a badge.
4. That saloon boys may apply for leave of absence from stewards for not more than three months, and that those who fail to return on the expiration of the leave be considered to have resigned of own accord.
5. That preference of employment be given to unemployed members of the society.
6. That personal followers of stewards be refused employment.
7. That unemployed members of the society be exempt from membership fees.
8. That committees of sections of the society be authorized to deal with the distribution of tips granted by passengers hitherto received by stewards. (Formerly; stewards of vessels of the Indo-China Steam Navigation Company received larger shares of tips than saloon boys, but as a result of mediation conducted by the Chung Hwa Seamen's General Labour Union, the tips granted by passengers are equally distributed among saloon boys and stewards).

Subject Indo-China Steam Navigation Company - activities of the Ewo River and Seagoing Steamer Saloon Boys' Mutual Advantage Society.

Made by and Forwarded by D.I. Moore

At 10.30 a.m. January 24, the following six members of the "Ewo River and Seagoing Steamer Saloon Boys' Mutual Advantage Society", Lane 449, No.27 East Seward Road, appeared on the s.s. "Kutwo" of the Indo-China Steam Navigation Company, which was berthed at the Hunt's Wharf, in an endeavour to induce the saloon boys on board to join the Society :-

Wong Zoen-ching (王善慶)

Pao Dao-fah (包道發)

Tseu Wen-yien (周文賢), saloon boy of the s.s. "Suiwo".

Yue Hwa-ziang (俞華祥), saloon boy of the s.s. "Paowo".

Yang Chu-yong (楊智熊), saloon boy of the s.s.

"Fausang".

Loh Wen-sung (陸文生), saloon boy of the s.s.

"Siangwo".

These persons were alleged to have threatened to bring about the dismissal of the non-members from the vessel if they did not join the Society within a period of one month.

The stewards of the vessel intervened, and advised the visitors to refer any labour matter to the Chung Hwa Seamen's General Labour Union, Nantao, whereupon an altercation took place between the two parties, but the society members later dispersed without conducting further agitation.

There are twenty-six saloon boys on board the s.s. "Kutwo", 22 of whom have not yet become members of the Mutual Advantage Society.

Subject Indo-China Steam Navigation Company - Dispute between
Saloon Boys and Stewards Settled

Made by and Forwarded by D.I. Moore

Saloon boys, numbering some 220 in all, of the Indo-China Steam Navigation Company recently agitated against ill-treatment by stewards, and requested the Chung Hwa Seamen's General Labour Union, 33 Oong Ka Tse Loong, Nantao, to mediate in the dispute. The saloon boys submitted the following demands to stewards for consideration:-

1. That no saloon boys be discharged without reason, and that no personal followers of stewards be employed.
2. That stewards should not retain wages of saloon boys.
3. That stewards should not interfere with division of tips granted to saloon boys by passengers.
4. That the system requiring successors to pay for cooking utensils and provisions owned by stewards when the latter resign be abolished.

To counteract the demands of the saloon boys, the stewards put up the following terms :-

1. That stewards have the authority to engage or dismiss saloon boys.
2. That stewards distribute the wages to saloon boys.
3. That stewards should participate in the division of tips granted by passengers.
4. That successors should pay for cooking utensils and provisions owned by stewards when the latter resign.

At 2 p.m. January 21, a meeting was convened under the auspices of the Chung Hwa Seamen's General Labour Union in its office, 33 Oong Ka Tse Loong, Nantao, and the following terms were agreed upon :-

1. That in future, tips granted by passengers be equally divided among stewards and saloon boys.

Subject (in full) Two River and Seagoing Steamers Saloon Employees' Mutual Advantage Union - to hold a meeting on August 6

Made by D.I. Sih Tse-liang Forwarded by

A meeting preparatory to the inauguration of the "Two River and Seagoing Steamers Saloon Employees' Mutual Advantage Union" will be held at 2 p.m. August 6 by the members in their office, Lane 449, No.27 East Seward Road. About thirty saloon employees of various steamers of the Indo-China Steam Navigation Company are expected to be present at the meeting.

On July 31, the Union received Permit No.22 authorizing the organization of the union. The official representative of the Union appearing on the register of the Seamen's Kuomintang is Wong Zuen-ching (王善慶), saloon boy of the s.s. "Suiwo."

Subject: Activities of Seamen's Organizations in connection
with the Chinese Staff of the Indo-China Steam
Navigation Company.

Made by and Forwarded by D.S.I. Moore.

One named Yao Yung-chong (姚永崇) was appointed
No. 1 Cook to the S.S. "Suiwo" by the Indo-China Steam
Navigation Co. to replace the previous No. 1 Cook who had died.
On July 6, 1936, in possession of a letter from the Company,
he proceeded to the vessel to take up his appointment but was
prevented from doing so by one Dzung Yah-chen (鄭雅陳),
Secretary of the "Haw River and Seagoing Steamers Saloon
Employees' Mutual Advantage Union" (哈爾濱海河輪船部員工互濟會),
with the assistance of some 10 loafers and the No. 2 Cook of
the "Suiwo". Dzung Yah-chen and the No. 2 Cook stated that
the No. 1 Cook vacancy should be filled by the No. 2 Cook, also
the appointment should be made with the approval of the Union.
Dzung took the letter of the Company away from Yao Yung-chong
and forced him to leave the ship. The "Suiwo" left Shanghai
on the evening of July 6, without Yao Yung-chong on board.

On July 7, 1936, Yao Yung-chong accompanied by an
official of the Company reported the incident at Hongkew
Police Station. Dzung Yah-chen was communicated with and
attended at the Station where he admitted that he prevented
Yao assuming his position as No. 1 Cook, and argued that
Yao's appointment was illegal and could not be tolerated
from the point of view of the Union.

On July 15, the "Suiwo" returned to Shanghai and
Yao Yung-chong made a second attempt to take up his appointment
but failed owing to the strong opposition of the No. 2 Cook.
On the advice of the Company, Yao appealed to the Shanghai
Branch Office of the Chung Hwa Seamen's General Labour Union,
40 Fu Tsung Ka, Dah Ching Road, Nantao, where he was verbally
promised full support by Chen Yung-ming (陳永銘). Section

Chief of the Branch Office. At 4 p.m. the same day, Yao returned to the "Suiwo" and attempted to take over his job but the No. 1 Cook persistently refused to hand over the utensils and the accounts. In the absence of the promised support from the Union, Yao was forced to leave the vessel and subsequently returned to the Company and declined to make any further attempts to obtain the position.

The Company appointed another person named Yoeh Ah-ma (郝阿五) as No. 1 Cook on the "Suiwo". Before proceeding to the vessel, Yoeh reported his appointment to the Shanghai Branch Office of the Chung Hwa Seamen's General Labour Union. His appointment was recorded and he was informed that a representative of the Union would introduce him to the staff of the "Suiwo" so as to avoid misunderstanding. In the afternoon of July 16, Yoeh went on board the "Suiwo", when one Chen Yuen-loong (陳允龍), staff member of the Shanghai Branch Office of the Chinese Seamen's General Labour Union and concurrently Chairman of the Ewo Steamship Tallmen's Club, Lane 499, No. 27 Seward Road, informed the No. 2 Cook and saloon boys, etc. that Yoeh's appointment had been approved by the Union, after which Yoeh took over his duties without any interference.

Steamship Tallymen's Club, Lane 499, No. 27 Seward Road. An application is being made by Dzung to the Shanghai Branch of the Chung Hwa Seamen's General Labour Union for registration. Dzung claims that to-date some 200 saloon boys and kitchen staff on board various steamers of the Company have joined the union, with the exception of some employed in the "Mutwo" and the "Leeaen", who have been prohibited doing so by the stewards.

It is reported that in soliciting membership threats and coercion have been used by Dzung Yah-chen and his followers. At 8.30 p.m. July 25, Dzung accompanied by one named Wong Zuen-ching (王尊慶), saloon boy of the "Suiwo", and two unknown Chinese of the loafer type boarded the s.s. "Pingwo" and demanded that all saloon boys and kitchen staff, etc. join the Mutual Advantage Union, and informed those present that any dissenters would be dealt with by the Union with the assistance of the San Hui Wei (三合會), a Cantonese loafers' club. In consequence of this intimidation the 22 boys and cooks of the "Pingwo" registered with the Union.

In carrying out these illegal activities, Dzung Yah-chen has the full support of Chan Yuen-loong (陳元龍), Chairman of the Ewo Steamship Tallymen's Club, who is a member of the San Hui Wei. Chen is also a staff member of the Shanghai Branch Office of the Chung Hwa Seamen's General Labour Union and is on very intimate terms with Pang Pah-wei (彭伯威), Chairman of the Branch Office, who is said to be a favoured follower of General Yang Hu, Woosung Shanghai

Defence Commissioner and concurrently Special Kuomintang Delegate for Seamen's Affairs. Consequently Dzung Yeh-chen relies on Chen and Tang to support his activities in connection with the Union.

Other active members of the Ewo River and Seagoing Stevedores Saloon Employees' Mutual Advantage Union are Chao Nan-san (趙南山), ex-tallyman, and Wong Zuan-ching (王善慶), saloon boy of the "Suiwo".

Although Chen Yuen-loong, Chairman of the Ewo Steamship Tallymen's Club is hand in glove with Dzung Yeh-chen in the activities of the Mutual Advantage Union, it is doubtful whether the tallymen will support the Union in any eventualities unless pressure is brought to bear on them by agitators with the assistance of higher seamen's organs.

Indo-China Steam Navigation Co. Stewards Office 怡和輪船公司長沙辦事處

The Chinese stewards of the 18 steamers of the Indo-China Steam Navigation Co. on April 1, 1936, organized a club entitled the "Indo-China Steam Navigation Co. Stewards' Office", with an office at Lane 355, No.38 Broadway. An application for registration was submitted to the Chung Hwa Seamen's Special Kuomintang about one month ago, and a reply was received on July 17, stating that the organization was illegal, and on July 19 two persons claiming to be representatives of the Seamen's Kuomintang called at the Office and took away the chops and the signboard. On July 29, a despatch was received from the Seamen's Kuomintang instructing that the Office should be dissolved and all

stewards should join the Ewo River and Seagoing Steamers Saloon Employees' Mutual Advantage Union. The stewards have decided to ignore this instruction and continue to maintain their Office.

Dismissal of two saloon boys on the s.s. "Pingwo"

Two saloon boys named Huang Keng-do (王根度) and Chang Fok-sung (張福生), of the s.s. "Pingwo", berthed at the Old Ningpo Wharf, left the vessel at 4 p.m. July 28 without permission of the Captain. On the morning of July 29, they were summoned back to the ship and instructed to give an explanation for their absence, failing which they would be dismissed. At 8.30 p.m. July 29, Chen Yuen-loong (陳元龍), Chairman of the Ewo Steamship Tallymen's Club, accompanied by one named Yang claiming to be a Secretary of the Shanghai Branch Office of the Chung Hwa Seamen's General Labour Union and five loafers boarded the "Pingwo", and in the absence of the Chief Steward informed the 2nd Steward that the two saloon boys could not be dismissed without the approval of the Union and that the Chief Steward would be held responsible for their employment. The two saloon boys were eventually dismissed by the Captain and left the ship at 10 p.m. July 29. The "Pingwo" left Shanghai at 4.30 a.m. July 30 without any further trouble.

As far as can be ascertained, the other saloon boys and the kitchen staff of this steamer have no desire to raise any opposition to the dismissals unless the Union brings pressure to bear on them. It is learned that the Ewo River

and Seagoing Steamers Seafarer Employees' Mutual Advantage
Union will hold a meeting at 8 p.m. August 1, 1936, in the
office of the Union, to discuss the case.

From the foregoing it would appear that the Chung

are making every effort to take complete control over the
Chinese staff of the steamers of the Indo-China Steam

Unemployed as a consequence of the scrapping of the s.s. "Tatung" by the China Navigation Company, thirty-three tallymen and seventy-three cabin boys recently requested the office of the Special Kuomintang Delegate for Seamen's Affairs to instruct the Shanghai Branch of the Chung Hwa Seamen's General Labour Union to negotiate with the company for the issue of retiring gratuities to them. As a result of the negotiations carried out by the Seamen's Branch under the instructions issued by the Special Kuomintang Delegate for Seamen's Affairs, a sum of \$2,460 has been issued by the Company. Of this amount \$1,000 is for the tallymen and \$1,460 for the cabin boys. This money was distributed to the workers concerned by the River and Seagoing Steamer Cabin Boys' Guild on October 26 at No. 5 Yung Foh Li, North Wong Yee Mo Loong, City.

Made by D.P.S. Mackay. Forwarded by *B. B. Laverett*

With reference to the telephone message received by D.C. (Special Branch) on the morning of September 4, from Jardine, Matheson & Co., I have to report investigation of the attempt of the Ewo Tallymen's Club to force the Compradore of the s.s. "Suiwo" to dismiss two of his tallymen.

These two tallymen are old members of the Compradore's staff, are not members of the Ewo Tallymen's Club, and in a recent strike of tallymen of the s.s. "Suiwo" remained loyal to the compradore and refused to strike. Consequently, attempts were made by the Club to have these two men dismissed, and in order to avoid trouble the two men attempted to join the Club. Their applications, however, were refused, and the compradore was requested by the Tallymen's club to suspend them from work. This the compradore refused to do, and on August 21 received a letter from the Chinese Seamen's Union requesting his to dismiss the men, replacing them by club members. The compradore took no action in the matter, and on August 26 the Ewo Tallymen's Club appointed two members to replace the non-Club workers. The newly appointed tallymen sailed with the boat, but the compradore refused to allow them to work. On August 29 the compradore received a letter of complaint from the Ewo Tallymen's Club, in regard to his action in preventing the two new men from working, and when the s.s. "Suiwo" docked on the morning of September 4 the Chairman of the Ewo Tallymen's Club was waiting to interview the Compradore. Owing to the presence of Police in the vicinity, no untoward occurrence took place.

E-WO RIVER AND COAST STEAMERS' TALLYMEN'S CLUB

Shanghai, 29 August, 1935.

The Compradore

S. S. "Suiwo"

Dear Sir,

Referring to our conversation in your house on Saturday last, you had promised us then that you would give us a reply on Monday at 3 p.m. However, we waited till 5 p.m. on that day, but there came no news from you. In accordance with the instructions from the Seamen's Union, two members were then sent to your ship to fill the vacancy.

At the time of your ship's departure, the writer went on board again but you did not see him. Evidently, you have treated us with contempt, and playing a trick as a child.

Now while the ship was on the voyage, you, on the pleas that no settlement has been come to with the Club, prevented our two men from going into the cargo holds to perform their duties. Such action is quite wrong. Besides instructing the two men to take up their duties in the cargo holds, we write you this for your information. If you have any opinion to express, we shall wait for you at the wharf on your return to Shanghai.

Yours faithfully,

Shanghai.

Dear Sir,

I beg to inform you that as I have reported to Mr. Frost twice about the Union pressed me to dismiss two of my stevadors and replace their own members. These two stevadors are my own men, work hard for many years, not join the Union, they did not stop their work at the time when they strike (For s.s. Chip Sang's case, two trips ago). By this reason they found out they were going on their work without any stop, so they are angry with those two saying they must replace two Union men instead of this two or they promise to join the Union immediately.

These two old men went to Union on Monday afternoon ask for join the Union to be their members begin from to-day, because they are afraid to loose their positions, or make any big trouble. But they refused and says, you are not allowed to join our Union because the time is too late. After that they really sent two men to ship, stop these two old men to dinner (they came when they chow together) with them and take away their baggages and replaced their own members' baggages on the berths. These Union men are still on board, I can only stop them going to the cargo hall, but I cannot do any more to against them, because I am afraid to make any big trouble so I write to report you and beg you will help me to settle this then we can safely to do our work.

I hand you all the Union letters sent me a few days. Begging you will be kindly to help me to settle this with Union early, if not they will make some more or bigger trouble with me when we back to Shanghai. Thanking you very much.

Dear Sir,

on board the s.s. "Suiwo," there are three Watchmen, namely

request that the vacancies be filled by some unemployed

The Compradore,

Dear Sir,

We have received your letter contents of which are noted. The matter has been referred to the Shanghai Branch of the Chinese Seamen's Union for instructions.

With regard to your statement that you might tell the watchmen to join the Union, this, we are afraid, will not be agreeable to the Union. The reason is that although some of the non-members of your steamers were allowed to join the Union before, but that was during the time when the Union were enlisting members. Now that registration had been closed long ago and that unemployed members are so numerous, there will be no possibility of altering our former decision.

Pending instructions from the Union, you are requested to have the three watchmen suspended from working in the cargo holds so that no misunderstanding will arise. Otherwise, someone will have to bear the responsibility.

Trusting the matter will have your attention.

Subject (in full) Trouble among tea-boys on S.S. "Kungwo"

Made by D.S. Pitts

Forwarded by W. Duncan D.S.

With reference to the attached report (Misc.74) from Wayside Station giving an account of the trouble caused on the evening of March 16 on the s.s. "Kungwo" by certain disaffected tea-boys of that vessel, enquiries show that the whole incident was the direct outcome of Messrs. Jardine, Matheson & Co. Ltd's policy of offering to the travelling public the benefits accruing from a Second or "B" Class fare. In order to do this the Company had, of necessity, to rebuild a certain section of the vessel which was formerly occupied by Chinese passengers who were attended by the teaboys in question under the compradore system.

These alterations necessitated a certain number of tea-boys being discharged and according to the Company, it was these men who boarded the ship and caused trouble.

That the local Chung Hwa Seamen's Union has been more than interested in this incident is evidenced by the fact that during the last few weeks, Sung Lih-ping (孫履平), its secretary, has been most insistent that the Company employ some of the deposed teaboys as Saloon-boys in the new "B" Class accommodation of the s.s. "Kungwo". These boys being of an extremely uncouth and untrained type to cater for the needs of foreign and the better class of Chinese passengers, Sung's proposal was flatly refused, with the result that he adopted an attitude of being unable to guarantee that there would not be any trouble on board the s.s. "Kungwo", it being obvious from conversations he had held with the Company, that he, on behalf of the Union, had guaranteed the discharged tea-boys immediate employment as Saloon boys on the vessel in question.

Under these circumstances, Messrs Jardine, Matheson & Company, Ltd. adopted a passive policy and allowed matters to take their own course.

On March 17, 1934 the Company addressed to Sir John Brenan, K.C.M.G., local British Consul-General, a letter of complaint clearly outlining the details of the incident and requesting him to lodge a protest with the competent Chinese authorities in order to prevent any repetition of similar occurrences.

A copy of this letter is forwarded herewith.

It is of significance to note that one of the stewards was badly assaulted by the malcontents during the fracas, this, apparently, being the only incident of a serious nature.

Trouble with tea boys on S.S. Kung Wo.

D.S. Fowler.

D.I. Wardrop.

Sir,

At 8.55 p.m. 16.3.34 a telephone message was received from the Chief officer of S.S. Kung Wo lying at the Old Ningpo Wharf Kungping Road to the effect that trouble might arise from a number of teaboys.

C.D.C. 241 and the under-signed attended and Mr. G. Clarke, Chief Officer of the Kung Wo of the Indo-China Steam Navigation Coy Limited, 27 The Strand, was interviewed and the following facts were ascertained.

The ship has just undergone a partial refit and alteration in cabins etc. This was necessitated because a change from the old system of 1st class, 2nd class and 3rd class Chinese on the "B" Deck was contemplated. The result is, there is now no 1st and 2nd class Chinese cabins. They have been redesigned and fitted as a foreign, but cheap rate fare, and consequently fewer cabins. There are known as "B" class. The 3rd class remains as usual.

All the tea-boys who have apparently been engaged by the Compradors (regardless of numbers) to work in the 2nd class, find it is combined with the 1st class and fewer cabins and as a result in-sufficient work for them.

All the tea boys are new to the ship; they having been transferred from different boats of the Company for this boats first trip since the refit.

At about 5 p.m. even date between 45 and 50 of the boys entered the "B" class saloon and stayed by the doors preventing stewards and other persons from entering. Nothing further has since occurred. None of them advanced an explanation of this attitude.

Mr. Clarke, Chief Officer states that he has communicated with Mr. C.Y. Fodd, General Manager, and that the company's action at present is passive. There are no passengers by the "B" class this

trip therefore there is reason to believe nothing will come of the present demonstration. Meanwhile the Company's officials will take the matter up with the British Consul.

The Kungwo is due to sail at 4 a.m. 17.3.34 and ^{should} ~~and~~ the number of unnecessary tea-boys remain on the ship they will taken along as a matter of course pending the Company's decision in the matter.

SHANGHAI, 17th March, 1934.

File No. 180.

Sir,

We beg to report that a number of teaboys invaded the "B" Class Saloon on the S.S. "KUNGWOW" whilst lying at Old Ningpo Wharf last night and by their mere presence and numbers prevented the Steward staff from doing their work, with the result that we decided to close down and lock up the "B" Class Saloon altogether rather than eject the teaboys and give them the opportunity for which they were obviously looking of creating a disturbance and possibly a serious incident.

We would explain that in keeping with the Company's well-known policy, we decided to offer the travelling public the benefit of a Second or "B" Class fare and in order to do this, we had to rebuild a certain section of the ship which was formerly occupied by Chinese passengers who were attended by the teaboys in question under our compradore system. These alterations meant that a certain number of teaboys would be thrown out of employment and it was these men who boarded our vessel last night and interfered with the normal working of the vessel. These teaboys were employed by our compradore and we were assured that they had been adequately compensated by him for their loss of employment and that there is no trouble at all in this regard.

For some two weeks past Mr. L.P. Sung of the Organization Committee of Chinese Seamen Union, Shanghai Branch (as per card attached) has called on us and been most insistent that we employ some of the deposed teaboys as Saloon boys in the new "B" Class accommodation of the S.S. "KUNGWOW" but we have steadfastly refused to even consider this absurd proposal as the teaboys come of a very low class, do not speak any English and are utterly untrained.

and unsuited for attending Foreign and the better class of Chinese passengers who travel by our vessel in large numbers.

We did, however, suggest to Mr. Sung that we might be willing to select two or three teaboys of good appearance and address and train them as Saloon boys but this process would be lengthy and a man would have to accept a nominal pay for the period of training. Mr. Sung would not agree to this and we were led to believe from his conversation that he had guaranteed the teaboys employment in the Saloon of the S.S. "KUNGWOW" right away.

Under the circumstances, we felt that we had gone as far as we could and we are obliged to let matters take their course observing that Mr. Sung was at no pains to disguise the threat that if we could not take on the teaboys as Saloon boys immediately, he could not guarantee that there would not be trouble on board the "KUNGWOW".

The object of this letter is to request that you will kindly protest on our behalf to the competent Chinese authorities against the unwarranted intrusion and obstruction by the officials of the Organization Committee of the Chinese Seamen's Union on board the "KUNGWOW" last night and to request that adequate steps will be taken to prevent a repetition of the occurrence and for which we must decline all responsibility.

We have the honour to be,

Sir,

Yours obedient servants,

Sir John Brown, K.C.M.G.,
H.B.M. Consul-General,

JARDINE, MATHESON & Co., Ltd.

General Managers, Indo-China S.N. Co. Ltd.

P.S. As we close this letter we learn that the No. 2 Steward of the S.S. "KUNGWOW" was badly beaten by teaboys last night and is at present being attended by a doctor. This apparently is the only serious incident of note which occurred last night and whilst we do not attach very much importance, we feel obliged to request that you will be good enough to protest against this assault as well.

On November 13 a conference was held at the Grand Hotel, No.120 Thibet Road, between representatives from the Chung Hwa Seamens General Labour Union and the Chung Hwa Navigation Mutual Aid Association, with a view to settling the question of payment of a \$6 increase in the salaries of the Tallymen employed by the Compradores of the Indo-China Steam Navigation Company.

The Chung Hwa Navigation Mutual Aid Association, who were acting on behalf of the Compradores, were represented by Ling Sung Mow (林聖茂), while Messrs L. P. Sung (瑞慶年) and Hou Dah Tsung (后大椿) represented the Chung Hwa Seamen's General Labour Union. Mr. Zia Pao Sung (謝葆生), Compradore of the S.S. "Hsin Ming" (新銘) of the China Merchants Steam Navigation Company attended the meeting in the capacity of mediator.

Mr. Ling Sung Mow, representing the Chung Hwa Navigation Mutual Aid Association, acting on behalf of the Compradores of the Indo-China S.N. Company, finally signed a declaration agreeing to accede to the demands of the Chung Hwa Seamen's General Labour Union, which were drawn up as follows :-

1. An increase of \$6 per month in pay to be paid to all Tallymen employed by the Compradores of the Indo-China Steam Navigation Co. for six months from November 16.
2. a) A sum of \$650 () to be paid to the next of kin of all Tallymen who are killed in the employ of the Compradores.
b) A bonus of \$160 to be paid to all Tallymen who lose their job through no fault of their own such as

the wrecking of the vessel on which they are employed.

c) The refusal of re-engaging to be given to all men so deprived of their job, on the first opportunity.

3. The old system of paying double wages for the last month of the year to be discontinued, and all Compradores employees to be paid 3 days extra pay per month.

4. Every Tallymen to be entitled an annual leave of the same duration as the average time taken by their ship on a routine trip.

In consequence Mr. L.P. Sung has attained the object he has been so definitely aiming at, namely, the settlement of the question of increase in the Tallymens wages through the instrumentality of the Chung Hwa Seamens General Labour Union of which he is the secretary.

A report was received on November 13 to the effect that Mr. S.S. Tseng (曾善仁), a prominent member of the Ewo Tallymen and Stevedores Union, was at the instance of the Chung Hwa Seamen's General Labour arrested on November 12 by the Detectives of the 4th District Police Station on Paoshan Road, Chapei, on a charge of negotiating in the matter of an increase in the Tallymens wages, between the Indo-China S.N. Company Compradores and the Ewo Tallymens and Stevedores Union, without the permission of the Chung Hwa Seamen's General Labour Union which operates under the local Tangpu. Mr. Tseng was taken to the Headquarters of the Woosung Shanghai Defence Commissioner, where he was detained in the Detectives Office, till 10 a.m. on November 14, when he was released, the question at issue

The situation up to date regarding the tallymen employed on the Indo-China Steam Navigation Company's ships is normal, all the men are at work and no dissatisfaction among them is evident. The Chung Hwa Seamen's General Labour Union, through its Secretary L.P. Sung, has expressed dissatisfaction with the settlement that was made between the compradores and tallymen, whereby the latter would receive a \$4 increase in their salary. The Union, evidently with a view to bringing the tallymen under its control, ordered the dissolution of the Tallymen's and Stevedores' Union, and took up the matter of increase of salary for the tallymen in order to gain their confidence. The Union is insisting on payment of the \$6 increase in salary originally demanded by the tallymen. The China Navigation Mutual Aid Association on behalf of the compradores have offered to pay the Extra \$2 to the tallymen for a period of three months, but the Chung Hwa Seamen's General Labour Union insists on payment of the Extra \$2 for a period of six months at least. So far no compromise has been made.

These negotiations have all been made irrespective of the feelings of the tallymen on their Union.

A meeting was held on November 4 between Mr. L.P. Sung (), Secretary of the Peace Preservation Corps and the Organization Committee of Chung Hwa Seamen's General Labour Union, and the management of the Indo China Steamship Navigation Company, Ltd. when the situation of the unrest among the tallymen of the latter firm was discussed. Mr. Sung stated his reason for calling was to advise the Management to force their Compradores to agree to the Tallymen's demand for a further two dollars per month increase in pay. The Compradores according to Mr. Sung had only granted their Tallymen an increase of \$4.00 per month, whereas they had been instructed by the Company to grant an increase of \$6.00.

The Management replied that all their Tallymen were quite content with the present state of affairs, and that they had chopped a declaration last week to this effect. Moreover the discontent alleged by Mr. Sung was not in any way the fault of the Company, as the latter has increased the Compradores' pay sufficiently to allow them to increase all tallymens' wages by \$6.00 a month - If Mr. Sung had any complaints he could deal with the Compradores who were the employers of the Tallymen.

The Compradores would be prepared, the Management stated, to visit Mr. Sung personally between then and Tuesday, November 7.

If by then they had not come to an agreement with Mr. Sung, the Company would have all the chopped declarations of the Tallymen, declaring their satisfaction with their present pay, ready for Mr. Sung's perusal in their

According to Mr. Sung, the only point which the Chung Hwa Seamen's General Labour Union still complain about is the \$2 which they allege the Compradores are "squeezing" from the Tallymen.

The Chinese Government ~~are~~ strongly against the Compradore System, which Mr. Sung says is a very unfair and dishonest one. Before departing Mr. Sung made a statement to the effect that should the Indo-China Steamship Navigation Co. agree to dismiss all their Compradores he would personally answer on behalf of the Chung Hwa Seamens' General Labour Union, and the Local Tangpu, that they would supply the Indo-China Steamship Navigation Co. with all necessary labour and guarantee their abiding by their Contracts.

Mr. Sung also stated that the Chung Hwa Seamen's General Labour Union had dissolved the Ewo Tallymen's and Stevedores Union, on October 21, because it was apparent that they were instrumental in assisting the Compradores to make the Tallymen go on strike to gain an increase of pay for them (the compradores).

A letter is attached (with a translation), which was received by the management of Indo-China S.N. Company from the Chung Hwa Seamen's General Labour Union on November 1.

The meeting convened by the Bureau of Social Affairs on October 30 to mediate in the dispute between the compradores and tallymen of the Jardine Matheson Indo-China Navigation Co. was abandoned owing to the failure of the tallymen's representatives to turn up. It is learned that the tallymen concerned in the dispute are entirely in the hands of the ^{Hwa} Chung Seamen's General Labour Union who are insisting that the compradores accept the demands of the tallymen, including monthly a /increase of \$6 in wages, without concession. The failure of the tallymen to attend the mediation meeting convened by the Bureau of Social Affairs is due to the resentment entertained against the Bureau by the Chung Hwa Seamen's General Labour Union, which being under the direct control of the People's Movement Department of the C.E.C. of Kuomintang at Nanking, considers itself superior to the Bureau and therefore capable to deal with the situation without the Bureau intervening.

Shanghai, 31st October, 1933.

Messrs. Jardine, Matheson & Co., Ltd.

Dear Sirs,

At the beginning of the present occasion, the Tallymen of your steamers, when asking for better treatment, had submitted three demands which were accepted on that day by your Manager, Mr. Tod. As we respected your promise, we issued instructions the next morning to all the Tallymen to resume work. The ships' Compradores, however, have declined, up to now, to observe these terms by signing an agreement accordingly on the plea that the increase given to them by the Company is not sufficient for them to carry out the terms. We then asked your Company about this and were told that the present increase you had given should enable the Compradores to have the terms carried out. As each party has made his own allegation, it raises some doubts concerning the sincerity of your Company in your acceptance of the terms and regarding the kind treatment to be accorded to labourers. Now the Tallymen of your various steamers are getting very indignant and the situation is so serious that it has passed the boiling point. Should the agreement be not signed within the shortest time, a big scale and effective demonstration may soon burst out. At that time, though it will be against our desire, we shall not be able to suppress the storm. We now like to know whether your Company could do anything towards this breach of promise by your Compradores as well as towards their obstruction. Now that the matter has come to a critical point, we write you again as a warning, and we also hope that you will give us an immediate reply; otherwise, we can but allow the Tallymen their freedom to take action.

Yours faithfully,

Dear Sirs,

With regard to the 3 demands submitted by the Tallymen of your steamers when asking for an increase of wages, we understand from the letter received from your Manager Mr. Tod that you had instructed the Compradores to have the matter settled for which you feel thankful. But up to this moment, the Compradores have not shown any sincerity of accepting these demands. As the incident occurred last Saturday, one week has now elapsed, the Tallymen are getting agitated. The situation is now serious and there is indication that there will be a second strike. In order to avert this danger and to protect your business, we hope that you will instruct, as soon as possible, your Compradores to sign the acceptance so that the trouble will be settled. If this is not done, should any thing be occurred, we cannot be held responsible. We hope you will give us a reply before noon tomorrow.

Although the JARDINE MATHESON CO. LTD. has accepted the three demands submitted by the tallymen, but the compradores of the company have refused to sign the agreement. The CHINA NAVIGATION MUTUAL ASSOCIATION held a meeting of compradores of various steamers in order to discuss measures for the settlement of the trouble but without result.

Yesterday morning the BUREAU OF SOCIAL AFFAIRS held meeting.

The PREPARATORY COMMITTEE OF THE CHINESE SEALIN'S LABOUR UNION yesterday held an emergency meeting at which measures to deal with the matter were discussed.

At 10 a.m. yesterday at the request of the compradores on various steamers, the BUREAU OF SOCIAL AFFAIRS held a meeting of the representatives of both parties. The CHINESE SEALIN'S LABOUR UNION did not agree to the meeting as the Central authorities are taking over the responsibility of settling the demands for an increase in the wages of the tallymen. Therefore there is no necessity for mediation by other authorities. Furthermore the TALLYMEN'S CLUB was organized to deal with the affairs of its members who are not formal members of SEALIN'S LABOUR UNION. So that no representatives from the workers were present at the meeting and no decision was passed.

On October 29 the CHINA NAVIGATION MUTUAL ASSOCIATION received a final letter from the CHINESE SEALIN'S LABOUR UNION in which the union stated that a meeting of some 10 compradores of various steamers was convened at which a \$3 increase in the wages of workers was discussed (the original demand was for a \$6 increase).

The CHINESE SEALIN'S LABOUR UNION at 3 p.m. yesterday held an emergency meeting in its premises near West Gate at which measures to deal with the compradores who have prolonged the dispute were discussed.

On October 20, 1933, at 6 p.m., 72 tallymen of the above Company declared a strike, on four of the steamers then in port (S.S. "Kungwo", S.S. "Leesang", S.S. "Foo Shing" and S.S. "Yuen Sang"), to enforce the acceptance of five demands as hereunder which the compradores submitted to the Company on Friday, October 20, 1933.

1. To increase commission paid to compradores on passage money.
2. To augment the compradores pay, to help them to double the pay of their employees at the end of the year.
3. As compensation has to be paid by compradores to all employees for disablement and death, the Company should subsidise them.
4. If a ship is put out of use, all compradores and their staff ought to receive 3 months' pay from the Company.

At a meeting with the Compradores of the Company which sat from 11.30 a.m. to 1 p.m. and again from 3 p.m. to 4 p.m. on October 21, 1933, the management agreed to arbitrate on an acceptance of a modified form of the compradores' five demands, on Tuesday, October 24. FIVE SUGGESTIONS

1. If company wishes to make contract with compradores, the sum of the passage money must be considered by both sides with the moderate rate. That is, both sides settled it by the condition of the meantime market. If compradore side is not agree with the high rate what company declared, company can not change the compradore or get off his job by means of this subject.
2. A double pay must be paid by the compradores to all the staffs of their department at the end of the year. This is a traditional law for tens of years and also the Rule of the Union; hereafter such wages shall be paid by company, from compradore down to all his staffs.
3. Ships, unfortunately happened:- risk, damaged, drowned or old aged the ship must, distincted or stopped to sail, company must pay all the prices of their furnitures, properties and the usual effects which made by compradores. Because every compradore has to pay the same to the former one, who continued from.
4. Risks happened by any ship, all the staffs and compradore himself, company must pay a certain amount for their lives and properties, according to the International Sea Law (海商法) Except this, company shall apply the jobs or positions for compradores and staffs in the shortest time.
5. Company gives up a ship or any ship is not suitable for sailing, she must pay three months salaries or wages to the compradore and ~~and~~ all his staffs, in case of lost job.

Sir,

At 8.30 p.m. 20/10/33, a telephone message was received at the station from Mr. Jacobs, Hunts wharf, to report that the members of Compradore's staff were being intimidated by the representatives of the Seamen's Union.

Inquiries made by C.D.S. 172 and the undersigned on the wharf show that on 20/10/33 tallymen and stevedores of river boats were granted an increase of pay. Then the tallymen and stevedores of coast boats, walked out and went ashore, informing the compradores that it was due to the fact that their pay was not increased. At about 6 p.m. 21 tallymen of a river boat "Kung Wo" also left their posts apparently with intent to support the movement of coast-boat men. No untoward incidents occurred.

Three tallymen of S.S. "Kung Wo" remained on board and were willing to carry on their work, but were afraid of interference on the part of the Union. Whayside Station was notified and a guard placed on the wharf. Altogether 69 men went on strike.

During an interview this afternoon, Mr. Jacobs, Shipping Manager of the firm of Jardine Matheson & Co., declared that the whole matter of unrest among the tallymen of his Company had been settled by mutual agreement.

He explained that the cause for the discontent among the tallymen was as follows :-

Whereas on River steamers the above Company employ their own tallymen, the coastal steamers' tallymen are employed by Messrs. Jardine's compradores. The basic pay for all tallymen was \$6.00 per month per man. During last May the firm of Jardine Matheson gave all tally-men on river steamers an increase of \$3.00 a month, while the compradores on the coastal steamers did not increase the pay of their tally-men.

Discontent set in and culminated in a deputation from the coastal steamers tally-men calling on the Manager of Messrs. Jardine Matheson & Co. on Monday, October 16, to demand an increase of \$3.00 per month per man in their pay, the same as had been granted to the River steamer tally-men.

They stated that should the management not agree to assure them of an increase by Friday, October 20, they would declare a strike on that date.

This morning the management granted their request, and in consequence all tally-men are working contentedly.

Compradores.

Made by D. S. Mac Adie Forwarded by *W. Duncan* 159

Unrest exists among compradores of the Indo-China Steam Navigation Company (Jardine Matheson), who are agitating for an increase in salary and emoluments on the ground that they cannot meet their expenses following the present decline in passenger traffic. In addition they state that their employees (tallymen, etc.) who were formerly content with their wages are demanding an increase in pay. This latter demand is a result of the recent tightening up of the work of the Preventive Services of the Maritime Customs, whereby the crews have had to abandon their hitherto lucrative practice of smuggling.

In June, this year, the salaries of the compradores (apart from commission) were raised from \$100 to \$180 per mensem. The Company is now willing to further increase the salaries to \$300 per mensem and pay in addition an extra ten per cent of the "Outside broker" (compradore's agent) passenger business as well as extra commission on tonnage carried by the steamer.

The compradores, however, are not satisfied with the foregoing concessions and on June 25 representatives of the Navigation Mutual Aid Society (compradores) submitted the demands contained in the attached translation to the company. The company has promised them a reply within a few days. Developments will be made the

subject of a report in due course.

Translation of a letter from the Chung Hwa
Navigation Cooperative Association to the
Indo-China Steam Navigation Company.

September 25, 1933.

The Indo-China Steam Navigation Co.,
Messrs. Jardine Matheson.

Sirs,

The Tallymen's Labour Union has several times requested the compradores of various steamers of your Company to increase the pay of the tallymen and to improve their treatment, and the whole body of compradores have submitted five demands to your Company for consideration. With a view to mediating in the dispute, this Association has investigated the facts in the dispute and has discovered that your Company is in reality treating the compradores in an exceedingly unfair manner so much so that they are scarcely able to maintain their present position. Being duty bound to settle the dispute with the workers immediately and to extricate the compradores from their difficulties, the Association has decided to submit five supplementary demands to your management. As these demands as well as those forwarded by the compradores are within reason, it is hoped that your Company will accept them so as to enable the employees on various steamers to carry out their services peacefully and faithfully and to improve the relationship between the management and employees, which will certainly be beneficial to the business of the concern. This Association is sending Sung Hwa-ding (沈華庭) and Chen Pah-chi (陳大器), committee members of the Association, to you to discuss basic measures for the improvement of working conditions of the employees in question, and hopes that your company will receive them and discuss with them means for the settlement of the dispute so as to cut short any possibility of the dispute extending in scope.

Sung Hwa-ding

Chang Yen-ling(?)

Van Zung-hwa

Members of the Standing Committee of
the Chung Hwa Navigation Cooperative
Association.

P. S. : The following is a set of five supplementary demands :-

1. Should the Company wish the compradore to contract for the collection of passage monies from passengers, the sum paid for the contract should be determined in accordance with the existing state of business. If the compradore considers the sum fixed for the contract is more than reasonable and cannot meet the excess amount, the Company should not discharge the compradore therefor.
2. As a rule the compradores give the employees below the rank of compradore double wages for December as a reward for good services during the year. This extra disbursement should be made good to the compradores by the company which should in addition pay the compradores double wages for the same period.
3. The compradore should be compensated by the Company in cash for his furniture and effects, when a steamer is wrecked or meets with an accident or when it becomes old and unserviceable.
4. In the event of a vessel meeting an untoward incident, the surviving employees should be compensated by the Company in accordance with Marine Law and in addition the Company should immediately devise means for their employment.
5. In the case of a steamer being unserviceable and thus withdrawn from service, the employees under the rank of the compradore should be granted by the Company a retiring gratuity equivalent to three months' wages.

On Monday, August 7, a visit was paid to the offices of the Indo-China Steam Navigation Company, No.27 The Bund, where Mr. Pollock, Manager, was interviewed. He explained that the present difficulties of the Butterfield & Swire Company had resulted in a meeting of Foreign and Chinese ship owners being convened on August 4 and which was presided over by Mr. Yu Yah-ching and attended by Gen. Yang Foo (楊堯) of 63 Route Vallon recently appointed by the C.E.C. of the Kuomintang to investigate conditions among employees existing on River & Coastal Ships. Mr. Yu Yah-ching outlined the existing dispute, which has given rise to the Government enquiry and those present offered their mutual assistance in the settlement of the trouble.

Reports will be submitted in connection with this matter from time to time.

At 11.10 a.m. to-day /Mr. Jacobs of the Indo-China Steam Navigation Company called at Headquarters and laid information that the Tallymen of the S.S. "Chip Shing" of the Indo-China Steam Navigation Co. numbering some 12 men had struck work at 9 a.m. to-day August 8, to enforce a demand for an increase in wages.

The strikers claim to have the support of the Ewo River & Coastal Steamers Teaboys and Tallymen's Club but it is not known at present whether the remainder of the company's vessels will be involved.

As the tallymen are employees of the ship's compradore the Company have given instructions that the dispute is to be settled immediately as the vessel is

Addendum

The latest information obtained from
the Ewo River & Coastal Steamers Teaboys
& Tallymen's Club, 56 Sze Zu Li, East
Seward Road, reveals that the strike will
possibly spread to the tallymen of other
coastal steamers to enforce the demand for
increase in wages equal to that, which, they
claim, has already been granted to the
tallymen of the river steamers of the same
company. It is reported that the Compradore
of the S.S. "Chip Sping" is in negotiation
with the strikers and it is expected that
a settlement may be reached soon.

On the afternoon of August 3, 1933, in connection with the above mentioned letter, a visit was paid to Mr. A. G. Jacobs, of the Indo-China Steam Navigation Co., No. 27 The Bund. Mr. Jacobs stated that there had been cases recently where the representatives of the "Tallymen and Tea-boys Union" (Club) had boarded the vessels of the Company in Shanghai for the purpose of soliciting members but so far there had been no apparent disaffection among the persons so approached nor any trouble during the actual soliciting.

He pointed out that the present trouble with the B. & S. Teaboys, which appeared likely to spread, was that the Company had completely changed the system of their employment, having taken the control of the teaboys out of the hands of the compradores.

The following paragraphs serve to explain the system under which the Chinese sea-borne passenger trade is operated.

Shipping companies operating in the Chinese Coast and River trade have for many years placed their Chinese passenger trade in the hands of their respective compradores, who in addition to obtaining the passengers are looked upon to feed their charges during the journey. This system has led to the employment by the compradore of a No. 1 Teaboy (or Chief Steward) who in turn employs two, three or even four No. 2 Teaboys (the number is usually governed by the ship's size). The No. 2 boys call to their service several assistants who pay about \$20.00 per round trip for the privilege of working the ship (selling cakes,

cigarettes, mineral waters, etc). Such money which is little short of bribery eventually finds its way into the pockets of the "Purser", the Compradore and the No.1 Teaboy. Needless to say, after two or three trips the number of tea boys instead of being in the region of 60, which is the average number permitted by the companies, is in many cases as many as (120-130). All such persons have of necessity to obtain return of their investment (about \$20) and some interest, which unvariably results in the passengers being squeezed (intimidated), "pidgin cargo" being carried and unregistered passengers being transported from port to port, purely on the authority of a tea boy, who collects the fare for his own benefit.

Periodically conditions on these river and coastal boats become so acute that the company is forced to eject a number of the unauthorized members of the compradore's crew, which usually results in a dispute between the ejected teaboys and the compradore's staff. It often happens that when tea-boys are evicted they claim back from the No.1 Teaboy a percentage of their investment. The No.1 Teaboy in the usual Chinese style claims that he is insolent and so an appeal is made to the Compradore. This individual if he is to be pacified the so-called unfortunate with employment, otherwise a free fight ensues and the company is again made the butt of scandal.

Chinese press, besides calling upon their heads the wrath of the notorious "Seamen's Union".

One would be quite right in saying that operators of shipping companies in China, so far as their Chinese passenger trade is concerned, are absolutely in the hands of gangs of smugglers, etc. who are pleased to call themselves "Teaboys or Tallymen". In the settlement of any dispute the companies are practically forced to compromise which is nothing short of allowing these ruffians to have their own way.

It is not proposed to place the entire blame for the present chaotic condition of the local shipping passenger trade, at the doors of the companies.

As business concerns they have to safeguard their status and interests with the Chinese from whom the bulk of their business emanates. This system of farming out has become so deep rooted that the companies are quite unable to make any change without the use of revolutionary measures.

The foregoing will serve to illustrate the conditions, from which there appears to be no alternative.

In the matter of the Tallymen's and Teaboys' Club or Union, careful enquiries have been made and have resulted in the following information being elicited.

The Ewo River & Coastal Steamers Tallymen's Club is a branch of the Steamer Tallymen's Federation whose offices are in the City. Recently the C.E.C of the Kuomintang formed what is now known as the Seamen's

Special Kuomintang, and established headquarters at Tai Zai Li, Zao Kia Road, City. It will be recalled that this body at one time attempted to take over and supervise the Chinese Seamen's Union but ~~was~~ met with such resistance that they gave up. The Ewo River and Coastal Steamer Tallymen's Club not having the power to resist the so-called supervision of ~~wanking~~ have submitted and are now more or less at the dictates of one Wong Tsung-fu (王正馥) who has been appointed by the Seamen's Special Kuomintang and who handles practically all the business of the organization.:-

In addition to Wong there is a committee of six who stand for 1 year and who are elected by popular vote.

They are :-

1. Tsoong Teh Ling (鍾德霖), Tallyman of the S.S. "Lungwo".
2. Ling Sung Mur (林聖茂), -do-
3. Chen Sui Ling (陳水林), of the S.S. "Pao-wu".
4. Aou Sz Piao (沃嗣標), " " " "Luenho"
5. Han Tao Pao (韓楚寶), " " " "Paowu"
6. Liu Pao Sung (劉寶生), " " " "Lungwo".

Access to the Union book of members has not been obtained but it has been learned that there are some 380 members, including the 2nd and 3rd compradores of the various steamers.

The rent for the premises occupied by the Club or Union, \$24.00 per mensem, is paid by Wong Tsung Fu and it is to him that the monthly fees of \$0.40 per member are paid.

At present Wong is putting forward on behalf of the Union a demand for an increase of \$2.00 in the wages

of all tallymen in the Two employ.

The Two River & Coastal Steamers Tallymen's Club is essentially part of the Seamen's Union and they are sympathetic to the Canton Seamen's Union. They, however, are not able to undertake an exchange of views, etc. owing to the fact that the Canton organization have refused to comply with the instruction of the Nanking Government.

I suggest that the activities of the Two Tallymen's organization be kept under observation so that whatever move they make may be anticipated and the necessary steps taken.

Dear Sir,

x 50.6323
D. 914.

With regard to our verbal request of the 29th ultimo, that you would kindly investigate the report we had received that representatives of a "Seamen's Union" had boarded our chartered steamer, "Sandviken", and were endeavouring to enroll some members of her crew, we have to report further that the same parties are active again today on board our chartered steamer "Daviken" which leaves for the South tomorrow morning.

x 50.666.

We should like to take this opportunity of advising you of the result of our own private investigations into the matter. In the first place, we have found it difficult to obtain information from our Chinese exactly who these men are that are trying to interfere with our crews, which rather indicates that matters below the surface are somewhat disturbing. It would seem that the delegates who visit our ships come from the Tea-boys and Tallymen's Union, who have an office in Seward Road (we attach for your information their address in Chinese), and their object appears to be twofold, namely :-

- (1) To enroll as many Tea-boys and Tallymen in their Union as they can, and
- (2) To endeavour to persuade the Compradores of our steamers to absorb some of the 200 Tea-boys discharged from Messrs. B. & S's "Woosung".

x 50.6935.

So far as we have been able to gather, only one of our Compradores has taken on some 10 to 15 ex-Teaboys of the "Woosung", and we are advised that this was done under pressure from the Seamen's Union, of Canton.

From the foregoing we judge that the actual sailors and firemen of our vessels are not concerned in this affair, and that

the Tea-boys and Tallymen's Union, located in Seward Road, and working in conjunction with the Seamen's Union of Canton seem satisfied at the moment with endeavouring to enroll the Tea-boys and Tallymen (almost synonymous terms) of our Coast and River ships in their new Union with the object, presumably, of extending the very serious labour dispute our friends, Messrs. B. & S., have with the Seamen's Union of Canton.

The reason why our steamers' Compradores have been brought into the picture is because the Tea-boys, who also act as Tallymen, are engaged by them and not by us, and it would seem that the Tea-boys and Tallymen cannot very well join the local Union without first having obtained the sanction of, or come to some understanding with, their employers, the ships' Compradores.

Our enquiries have thrown fresh light on this very serious threat by the Canton Seamen's Union against Foreign Shipowners on the China Coast and we are going into the matter with our Hong Kong Principals, but in the meantime we consider that it would serve a valuable purpose if it could be ascertained definitely, exactly what relations the Tea-boys and Tallymen's Union of Seward Road have with the Seamen's Union of Canton, and what the motives are behind the enrolment of the Tea-boys on our Coast and River vessels in their Union.

In conclusion, we would add that we were rather hoping the Tea-boy dispute on the Yangtze steamers would be confined to the Yangtze but it would seem that the Seamen's Union of Canton, through the local Tea-boys and Tallymen's Union, are doing all they can to spread the seed of discord on our Coast ships, through the medium of the discharge of Tea-boys from the C.N.Co's. "Woosung".

We should very much appreciate any assistance you may be able to give us, for we see in the activities of the Seamen's Union of Canton and the local efforts of the Tea-boys and Tallymen's Union, all the elements of a very serious commercial upheaval.

We are, dear Sir,
Yours faithfully,

With reference to the attached anonymous letter dated June 11, 1933 addressed to Central Police Station on the above subject, I have to report that as a result of discreet enquiries made by C.D.C. 281, the following particulars have been obtained :-

The abovementioned club which is functioning along the lines of a labour union was established two years ago in the Pei Koh Li (伟国里) alleyway off Tan Voon Road (丹凤路), Kanto, and removed to its present address 56 Sze Zeu Li (师要里), East Seward Road in March 1933, occupying the downstairs portion of the premises at a rental of \$20 per mensem.

On July 2, 1933 the following members were elected to serve on the Executive Committee of the organization :-

Lien Poo Sung (刘宝生), native of Shaoshing, tallyman employed on board the s.s. "Loong Wo" (隆和).

Auh Sz Piao (洪嗣楼), native of Ningpo, tallyman (s.s. "Li Wo" 利).

Ling Sung Meu (林晋茂), native of Ningpo, tallyman (s.s. Loong Wo).

Tsoong Tuh Ling (钟竹林), native of Ningpo, tallyman (s.s. Loong Wo).

Zung Sze Ling (朱永林), native of Shaoshing, tallyman (s.s. Pao Wo).

Hon Tsao Pao (何楚宝), native of Shaoshing, tallyman (s.s. Pao Wo).

Wong Tsung Foh (王正福), age about 30, native of Ningpo, an executive officer of the Directing Committee of the Seamen's Union with which this club is registered, is at present in charge of the affairs of the organization.

Tsung Zeu Zung (曾善仁), who was alleged by the writer to be president of the Club, is not a member of this union but it is known that he occasionally attends certain important meetings held by this organization. He is native of Canton and is a member of the Directing Committee of the

Seamen's Union.

The club has some 280 members who comprise assistant comrades, tallymen and cargo-overseers employed on board the various vessels operated by Jardine & Matheson Co. Ltd. The scale of membership fees contributed by these members is as follows :-

Assistant comrades : \$1.50 per mensem.

and " : \$1.00 " "

Tallymen : \$.50 " "

Cargo overseer : \$.40 " "

The total amount of membership fee collected monthly amounts to some \$150.

The object of this organization is to safeguard the interests of its members and to render the assistance in the event of any dispute with their employers. Meetings are held at irregular intervals.

This institution was formerly affiliated with the Seamen's Union but owing to difference of opinions between these two bodies another organization known as the Tallymen's Federation was formed by the employees of the Jardine Matheson & Co., Butterfield & Swire & Co. and China Merchants' Steam Navigation Co., at No. 5 Yang Ka Sa (楊家沙), Kwei Ying Ka (魏英家), French Bund, the inauguration of which took place on July 4, 1933. This new federation will henceforth supervise the club in question instead of the Seamen's Union.

It is true that meetings concerning labour agitation are occasionally held on the club premises but none of the individuals aforementioned are known to this office as being associated with communist activities.

Commissioner of Police,

The Seamen's Union must apply to the Settlement authorities for permission to establish an office in the Settlement. The Seamen's Union at No. 56 Sze Zeu Li (叶基里), East Seward Road, not being registered with the Settlement authorities, has been holding meetings with the object of violating peace and good order. Furthermore, Tsung Zeu Zung (曹善仁), president of the Union, is a communist and instigates seamen's strikes. The former strike of tallymen of the s.s. "Loongwo" was the work of the union. I hereby give the above information and enclose herewith the address of the union for the purpose of facilitating your inquiries for fear that its activities may endanger the peace of the Settlement. I intended to give my name but dare not do so for fear of publicity because the members of this union are all radical elements.

Strike of Tallymen of Indo China Steam Navigation
Company (Jardine, Matheson & Co. Ltd)

In compliance with instructions from the Ewo Seamen's River and Sea Steamers Tallymen's Club, with offices at No.56 Sze Zuen Li, Seward Road, which came into existence in April, 1933, about 50 tallymen of the s.s. Yusang and Loongwo of the Indo China Steam Navigation Company declared a strike at 7 a.m. May 22 to enforce a demand for a flat increase of \$5.00 per month to all tallymen, about 320 in all. About 50 tallymen of the S.S. "Paowo" and "Luenho" of the same Company subsequently joined the strike. Eventually, the Compradores of the vessels agreed to grant a flat increase of \$3.00 each per month with the result that the strikers resumed at 3.30 p.m. the same day.

The ships concerned were moored as follows :-

- Unrest among cabin boys

On June 24, the s.s. "Loongwu" left Shanghai for Hankow, and on the following day, a notice was issued to the effect that tips equivalent to 20% of the fare would be collected from passengers for the cabin boys. This decision met with opposition on the part of the 110 cabin boys, on the ground that they receive no wages from the company but depend upon tips from passengers. Consequently the cabin boys demanded that the order be withdrawn, or in addition to the 20% tips they be granted a monthly salary the same as that received by the cabin boys of the China Merchants' Steam Navigation Company. The cabin boys have reported the matter through their delegate, Zah Ah Tsing (石阿清) to the Shanghai Branch of the Chung Hwa Seamen's General Labour Union, 680 Chung Hwa Road, Nantao.

The S.S. "Loongwu" arrived here on July 2. The Company has a total of eighteen vessels with 2,000 cabin boys. It is reported that all the cabin boys will oppose the new order.

1. That wages be increased from \$300 to \$375 per month.
2. That commission on passage charges to cover food for passengers be increased from 25% to 30%.
3. That commission on freight be increased from \$5 to \$8 per 100 piculs.

Local Silk Dyeing Works - workers strike

Workers in the silk dyeing trade in Shanghai, of whom there are a thousand, continue this morning to refuse to undertake the dyeing of large pieces of silk.

Sixty members of the Silk Dyeing Trade Workers' Union held a meeting on October 28 and passed the following resolutions :-

1. That picketing and investigation groups be formed to watch for any attempt made by employers to compel employees to act against their convictions.
2. That an appeal be made to the local Kwei-ming and Bureau of Social Affairs on October 30 to mediate in the dispute.
3. That a manifesto soliciting public assistance be issued.

Three investigation groups, each of which consists of four persons, have been sent by the Union to carry out enquiries in Hantao, Shanghai, and the Settlement. Action will be taken against any traders or workers who undertake to dye large pieces of silk.

Tallymen of Indo-China Steam Navigation Co. - Strike settled

In order to enforce a demand for an increase of \$6 in wages each per month, the 72 tallymen of the four steamers of the Jardine Matheson & Co. (s.s. "Kungwo", "Leesang", "Foo Shing" and Yuen Sang") declared a "tai-kung strike" at 6 p.m. October 20, and the 25 tallymen of the s.s. "Kutwe" joined the strike on her arrival at port at 3 p.m. the following day. All of them resumed at 8.30 p.m. October 21. These tallymen were engaged by the compradores of the various vessels concerned, and it is believed that the strike was precipitated by an announcement of the compradores that the increase granted to them (the compradores) would not be sufficient to enable them to meet the demand of the tallymen. The strike was called off following the compradores declaring that negotiations between the compradores and the Company over the question of increase in wages would be resumed on October 24.

During the strike s.s. "Kungwo" secured the services of volunteer tallymen in loading her cargo and sailed for Hankow on the morning of October 21.

Two (Indo China Steam Navigation Company) Seamen's River & Sea Steamers Tallymen's Club - demands increase in wages of tallymen

On October 16, the Two Seamen's River and Sea Going Steamers Tallymen's Club, 56 Sz Zuen Rd, East Seward Road, addressed a letter to the Chung Hwa Navigation Mutual Aid Association (of steamer comrades), 524 Avenue Howard VII. The communication contained the following demands, and a request that a reply be given before noon on October 17 :-

1. That a flat increase of \$5.00 in pay be granted to all tallymen in the employ of the Indo China Steam Navigation Company.
2. That each tallymen be paid three days' additional wages per month.
3. That compensation be paid to tallymen who suffer losses in carrying out their duties, and to the wives and their families of those who lose their lives.

There are about 320 tallymen employed by the Indo China Steam Navigation Company.

At 3 p.m. October 17, some ten representatives of the Tallymen's Club called at the Chung Hwa Navigation Mutual Aid Association on Avenue Howard VII and requested a reply to their demands. Sung Hwa-ding (沈華庭), a committee member of the Association, who received them, stated that the Management of the Indo China Steam Navigation Company had promised to give a definite answer not later than October 20. The callers were satisfied with the information and left at 4 p.m.

Jardine Matheson Indo China Steam Navigation Company
- Interest among tallymen

I 5293-
On October 25, a Chinese named Sung Lu-ping (孙旅平), who claimed to represent the Chung Hwa Seamen's General Labour Union, made several visits to the office of Jardine Matheson Indo China Steam Navigation Company and endeavoured to obtain an interview with the Management in connection with the question of increasing the wages of the tallymen. He did not succeed and was eventually advised to approach the Chung Hwa Navigation Mutual Aid Society.

The Management of the Jardine Matheson Indo China Steam Navigation Company has informed the Chung Hwa Seamen's General Labour Union that a circular authorizing the increase of wages of their comrades from \$300 to \$375 will be issued as soon as the dispute between the comrades and the tallymen is settled.

It is learned that the comrades have agreed to grant an increase of \$5 each per month in wages to the tallymen. The tallymen are now requesting that the granting of annual bonus of one month's wages to them at the end of each year be abolished, and that they be compensated every month by an increase in pay equivalent to 3 days' wages. The comrades have agreed to accept this request on the condition that in future any tallyman when applying for leave should get a substitute for the period of his absence. So far this point has not yet been settled.

CARGO OVERSEERS OF THE INDO-CHINA STEAM NAVIGATION CO.

Alleging that the "tai-kung" strike of cargo overseers at the Indo-China Steam Navigation Company in November last year was instigated by Yih Soong-chung, cargo overseer of the ss. "Zai Woo", the latter was dismissed by Deng Bei, the comadore of the steamer. Later, negotiations for his reinstatement were opened with the Company by the Preparatory Committee of the China Seamen's Union, but without success.

On February 3 (?), the cargo overseers of the ss. "Zai Woo" commenced a "tai-kung" strike and those of the ss. "Pao Woo", the ss. "Lee Sun" and the ss. "Zih Sun" joined the strike later.

Upon learning of this, the Seamen's Union detailed representatives to make arrangements with the China Navigation Mutual Aid Association that Yih Soong-chung be allowed to return to the steamer and that suitable measures be drawn up within 10 days. At the same time the Union ordered the strikers to resume work. The order was observed.

TALLYMEN OF THE INDO-CHINA STEAMSHIP NAVIGATION CO.

The tallymen of the Indo-China Steamship Navigation Co. declared a "go-slow" strike on October 22 for an increase in wages and have resumed work as a result of the advice of the preparatory committee of the Chinese Seamen's Labour Union which at the same time detailed representatives who proceeded to the company and submitted the three demands of the workers.

The company has accepted the three demands and instructed the compradores on steamers to enforce them, but the latter are refusing to sign the agreement which will greatly affect their own interests.

The Chinese Seamen's Union has repeatedly sent dispatches to the China Navigation Mutual Association requesting mediation. Yesterday the union sent another dispatch to the association stating that the agreement must be signed within one week by the compradores otherwise the entire body of the workers will declare a general strike.

According to the statement of a responsible person of the Seamen's Union, this is the final warning to the compradores and most probably a second general "go-slow" strike will follow should the compradores maintain their attitude. He further stated that the workers have mobilized and are awaiting instructions from the union.

During the month of April the Indo-China Steamship Navigation Co. Tallymen's Union submitted a demand for a \$6 increase per mensem in the wages of each worker to their compradores who later reported the matter to the China Navigation Mutual Association and requested mediation.

Through the mediation conducted by the latter association an agreement for an increase of \$3 to each worker per month was signed and it was resolved that the tallymen would not demand further increases unless the company increased the wages of the compradores. The agreement was signed by representatives of the tallymen unknown to the Chinese Seamen's Labour Union.

Unexpectedly after several months the tallymen demanded another increase of \$6 per month and in addition submitted two other demands.

Upon receiving these the compradores reported the matter to the company through the China Navigation Mutual Association and hoped that the company would settle the question satisfactorily, but the company did not present any definite opinion.

Dissatisfaction spread among the workers who declared a general strike as a warning to the company and made petitions for assistance to the local Tangpu, political organs and the Chinese Seamen's Labour Union.

As the tallymen's labour union is independent, the Chinese Seamen's Labour Union opened negotiations with the company and urged the latter to accept the demands.

The company refused to deal with the matter owing to the fact that tallymen are directly employed by the compradores and sent the following letter to the union.

"We appreciate your efforts at mediation in the dispute between our compradores and tallymen. We have noted your demands and have asked the compradores to deal with the matter. Please inform us by letter if the compradores fail to settle the dispute."

Upon receiving the letter the Chinese Seamen's Labour Union translated it as follows:

"We appreciate your efforts at mediation in the dispute between our compradores and tallymen. This company will accept the three demands and instruct the compradores to settle the matter in accordance with the demands. Please inform us if the compradores fail to do so."

The Chinese Seamen's Labour Union wrongly translated the letter and instructed the workers to resume work immediately.

The workers became angry as the company did not grant the increase when they resumed work, and requested assistance from the Seamen's Union and the China Navigation Mutual Association.

The China Navigation Mutual Association stated that the company granted an increase in the wages of compradores ranging from \$75 to \$195 according to the size of their steamers. Therefore the compradores will grant an increase of \$3 to each worker, altogether an increase of \$6 on the former scale as an increase of \$3 was granted in April. Regarding the other demands, the compradores can not take responsibility because they are also interested in these demands. Therefore these demands may not be settled at the same time otherwise a deadlock may result.

Upon hearing that the dispute will be settled by the granting of an increase of \$3, the Chinese Seamen's Labour Union, acting on behalf of the workers, requested the China Navigation Mutual Association to force the compradores to accept all three demands as the prestige of the union will be at stake.

SUSPENSION OF SILVER MELTING BUSINESS.

Acting on instructions received from the Ministry of Finance last month, the 28 local silver melting concerns have suspended business. It is estimated that about 1,000 workers have become unemployed; they have formed a "Shanghai Silk Melting Trade Unemployed Workers Group" to request the issue of allowances. One month has elapsed, but the question has not yet been settled.

Enquiries made yesterday by our reporter at the office of the Group reveal that there are about 1,200 workers in the silver melting trade. When the suspension of operations in the various silver melting concerns occurred, the workers went without money and their condition was critical. Except for those who were unable to remain in Shanghai, and were compelled to return to their native places, the remaining workers about 400 in number because of their lack of technical skill are not in a position to find employment in other spheres of activity. The workers later requested the managements to sell the Silk Melting Trade Guild raised by them, the proceeds obtained therefrom to be distributed

Seamen's Union and the Tallymen's Recreation Club of the Indo-China Steamship Navigation Company.

LS-293
The tallymen of the Indo-China Steamship Navigation Company commenced a go-slow strike at the end of last month to support their demands for better treatment. The Preparatory Committee of the China Seamen's Union opened negotiation with the Company for the tallymen. The Company accepted the three demands submitted by the tallymen who resumed work immediately. However, owing to the refusal of the comparadore to sign the agreement, the dispute was renewed. A second go-slow strike was avoided through the action of the Seamen's Branch Union.

The Bureau of Social Affairs held a meeting sometime ago, but owing to the absence of representatives from the tallymen, the trouble remained unsettled.

Recently, the Preparatory Committee of the China Seamen's Union learned that Wang Tseng Fu, a Standing Committee member of the Tallymen's Recreation Club, was plotting with the comparadore of the Company to deprive the workers of their rights. In order to protect the workers, the Union decided on November 1 to discuss Wang and to seal up the Club. At the same time, negotiations would be opened with the China Navigation Mutual Association.

Knowing that the present go-slow strike of the tallymen was instigated by an employee named Tsien Hsen Jen, the Seamen's Union immediately dismissed him. A notice to this effect has been published.

LABOUR SITUATION IN THE JARDINE MATHESON CO. LTD.

The tallymen of Jardine Matheson Co. Ltd. have submitted a demand for better treatment. The question can not be settled because the compradores have refused to sign the agreement.

5293
Upon receiving a letter from the China Navigation Mutual Association, the Bureau of Social Affairs held a meeting the other day to discuss the matter.

After conducting a careful investigation into the dispute the Preparatory Committee of the Chinese Seamen's Labour Union yesterday held an emergency meeting at which it was resolved that Wong Cheng Foh, member of the Jardine Matheson Co. Tallymen's Club, be punished and his service be suspended because definite evidence has been discovered showing that he had worked in collusion with the compradores to deceive the workers and the Chinese Seamen's Labour Union.

As regards the compradores' refusal to sign the agreement the labour union has decided to persuade the workers to carry on their work as usual for the time being, but should the compradores maintain their stubborn attitude the workers may take what action they please.

LABOUR SITUATION IN THE INDO-CHINA STEAM
NAVIGATION COMPANY.

D 5293
The tallymen of the Indo-China steamers went on a "go-slow" strike on October 21 and submitted three demands which were accepted by Mr. Todd, general manager of the Indo-China Steam Navigation Company, through the good offices of the Preparatory Committee of the China Seamen's Union. The latter then issued an emergency order instructing the strikers to resume on the morrow. The order was observed.

In view of the fact that the tallymen have been engaged directly by compradores, the signing of the demands should be carried out by the compradores. It was therefore planned by the Preparatory Committee to have the demands signed by the compradores on October 25, but the latter then refused to sign on the pretext that their pay was too small and did not cover their expenses. The Union was requested to open further negotiations in order to alter the demands. The labour trouble recommenced.

The compradores are alleged to have oppressed the tallymen and furthered their own interests. Furthermore the Company has indicated that with the increase of wages granted by the Company, the compradores are in a position to accept the demands of the tallymen. It is evident that the compradores are purposely causing trouble.

Mr. Todd, the general manager, has despatched the following written reply to the Preparatory Committee of the China Seamen's Union:-

"Thanks for your mediations in the dispute between the compradores and tallymen of our Company. It is just that we should accept these demands and we have notified the compradores of all steamers to act in accordance with the stipulations of the demands. Your Committee is requested to give us further information."

Upon learning that the compradores had rejected the signing of the demands, the tallymen became angry and yesterday gathered in front of the Union office and asked for instructions to declare a second "go-slow" strike.

With a view to preventing the dispute from spreading, the Union at 5 p.m. yesterday issued an emergency notice to the management of the Company and the China Navigation Mutual Aid Association advising them to sign the demands before noon on October 28 at the premises of the Union, otherwise the compradores will be responsible for any untoward incidents.

The labour trouble in the Indo-China Steam Navigation Company has become serious and an amicable settlement of the dispute will depend upon the attitudes adopted by-day by the Company and the compradores.

LABOUR TROUBLE IN JARDINE MATHESON & COMPANY.

With reference to the dispute between Jardine Matheson & Company and the cargo overseers of the ss. "Kung Woo" over an increase of wages, the seagoing steamers "Lee Sun", "Ting Sun", "Yuen Sun" and "Fu Sun" have joined the movement.

The compradores of Yangtze steamers are also demanding an increase of pay, because amongst the six shipping companies, the treatment of the staff by Jardine Matheson & Company is the worst. The cargo overseers went on a "go-slow" strike and waited for a reply to the ~~mix~~ demands made by the compradores and the cargo overseers.

It is understood that the General Manager of the Company personally proceeded to the ss. "Kung Woo" on the evening of October 22 and verbally accepted the demand for an increase of \$6 per mensem.

Thus work was resumed on this steamer the same evening.

Representatives of the Seamen's Union later called at the Company to make final arrangements for the acceptance of all the men's demands. All the affected steamers left Shanghai yesterday.

It is reported that an agreement relating to the demand for an increase of wages will be signed to-day.

The important officers on these steamers are Japanese. Owing to language difficulties disputes among the workers have frequently occurred.

Enquiries made by our reporter from various quarters reveal that these workers have organized an anti-Japanese association and have submitted petitions to various anti-Japanese associations at Nanking asking them for assistance. A letter will be sent to the company by these workers demanding the dismissal of the whole body of Japanese employees and the engagement of Chinese.

STRIKE OF TALLYMEN EMPLOYED BY JARDINE MATHESON & CO SETTLED

The tallymen on the river steamers of the Jardine Matheson & Co. Ltd declared a strike the day before yesterday to obtain the increase of salary which the company had promised. Although the strike seemed to be serious, it was settled within a few hours in consequence of the systematic procedure followed by the labour union. As the three demands presented by the tallymen were accepted by the company at 5 p.m. on the day of issue, the whole body of workers resumed duty yesterday morning on the instructions of the labour union.

- As the treatment accorded to the tallymen employed by the company does not compare well with that accorded to the employees of other companies, the workers held a meeting of representatives from all steamers and discussed the following three demands for the improvement of their conditions.
1. That dating from October this year a sum of \$6 per month be given to each tallyman whose work is performed satisfactory;
 2. That no less than \$650 compensation be paid to the family of a tallyman whose yearly salary is less than that sum who meets his death in the company's service, and a sum of \$160 be paid to those employees who are partially disabled.
 3. That the rule of issuing one additional month pay at the end of every year be changed and 3 days extra pay be issued each month.

The workers declared a strike the day before yesterday as the company refused to reply to their demands and at the same time one Wong Cheng Foh, member of the Standing Committee of the Tallymen's Club together with the whole body of workers submitted petitions to the Preparatory Committee of the Chinese Seamen's Labour Union and the Seamen's Special Tangpu. They were received by the General Secretary of the Seamen's Labour Union, who advised the workers to maintain good order and promised to detail a representative to proceed to the company for purposes of mediation. The representative visited the general manager and the general commissaire of the company in the afternoon of the same day who accepted the three demands in toto and were willing to discuss the matter with the workers. The workers will despatch the representative to sign the agreement today.

The labour union then instructed the workers to resume work as the company had accepted their demands and sent an urgent circular on the same evening to the workers. The workers upon receipt of the information resumed yesterday morning.

As the treatment accorded to the tallymen on its coast and river steamers of the Jardine Matheson & Company, Ltd. is considered bad as compared with other lines such as the China Navigation Company, etc. and in view of the high cost of living now prevailing, the cargo handlers of the Jardine's steamers presented a demand for an increase in salary to the compradores of their craft.

Appreciative of the conditions in which their subordinates live and suffering from the same causes in consequence of the high cost of living, the compradores immediately upon receipt of the demand took the matter up with the authorities of the company, and at the same time approached the Chinese Navigation Mutual Aid Society for assistance.

As a result of the investigations conducted by the Mutual Aid Society, which confirmed the allegation of ill-treatment, Sun Hwa Ding, member of the Standing Committee of the Society was despatched to start negotiations with the management for the amelioration of the conditions of its employees. Despite many attempts made at solving the question, the management adopted an attitude of procrastination.

Finding that no sincerity was shown by the management, the employees were constrained to declare a "go-slow" strike from 6 o'clock in the evening of the 20th.

In consequence of the strike, many vessels belonging to the company such as "Kung Wo", "Foo Sung", "Yuan Sung", "Lee Sung", etc. were affected. It was also resolved by a meeting of the strikers that if the management would not offer definite proposals for the satisfaction of the demand, tallymen on vessels of the line coming into port should join in the movement until the whole fleet of the company is involved in order to induce the management to agree to their demand. Therefore, another steamer named "Kutwo" which arrived here yesterday was also affected.

Following the declaration of the strike, the employees submitted petitions to the authorities and local Tangpu, giving a resume of the dispute from beginning to end and requesting assistance, while on the other hand, the Navigation Mutual Aid Society presented their versions of the failure of the management to agree to proposals submitted.

It is understood that a representative was despatched by the management to the Mutual Aid Society yesterday afternoon for the purpose of taking up negotiations on the company's behalf for the resumption to duty of the men on strike and following a discussion five conditions were submitted to the management for consideration and it was further agreed that a formal reply will be given to the men's proposal by Tuesday of next week. Instructions would be given by the Mutual Aid Society to the men to resume work pending a settlement of the question. Should no complications set in, it is hoped that the trouble will be satisfactorily settled.

THE COMPRADORES OF THE INDO-CHINA STEAMERS.

Some time ago, the Indo-China Steam Navigation Company adopted a system of granting compradores a commission of 25% of the amount received from the sale of tickets. The sale of tickets for each trip used to amount to more than \$2,000 and the compradores were able to maintain their business.

Of late, the sale of tickets has been greatly reduced and the compradores' commission, therefore, has been very small. The cargo overseers are also demanding an increase of wages.

For these reasons, the compradores have requested the China Navigation Mutual Aid Association to open negotiations with the Company over the following demands:-

1. That the measures newly drawn up and adopted by Butterfield & Swire be enforced on all steamers.
2. That irrespective of the fact whether a steamer suspends operations or is undergoing repairs, the full monthly wages and food allowance of the crews are to be paid.
3. That an allowance of \$5 be paid to the compradores for every 1,000 piculs of cargo.
4. That a commission of \$30 be given for the sale of every 100 tickets. This money is to be used for the purchase of rice and food for passenger; all other commissions paid to the ticket agencies are to be borne by the Company.
5. That should any accident happen to a steamer during a voyage, thereby causing a delay in the arrival, the Company is to grant an allowance of 20 cents per meal per passenger in the first, second and third class cabins.

The following demands have been submitted to the Company by the China Navigation Mutual Aid Association:-

1. That should the Company desire to give to compradores the contract for the sale of tickets, a fair price be set on the contract; that in the event of the price being too high, the Company be not allowed to change compradores.
2. That double pay be issued at the year-end to diligent workers under the control of compradores.
3. That in the event of any accident happening to a steamer or when a steamer is found unseaworthy, all property on the steamer taken over by the compradores be made good by the Company.
4. That in the event of any accident happening to a steamer, the families of deceased seamen must be compensated by the Company according to the Navigation Law and the luggage and the property of surviving seamen be made good by the Company according to the same Law.

The China Navigation Mutual Aid Association opened negotiations with the Company. The latter agreed to give each of the compradores a monthly pay of \$300 and an increase of 25% the allowance for the tonnage. The remaining demands have been rejected.

The Association then detailed two officials to open direct negotiations with the General Manager of the Company. The callers were informed that definite measures would be drawn up after 10 days.

With a view to preventing the trouble from spreading, the Association has notified all the compradores as well as the cargo overseers to wait for the reply from the Company.

A CONTRAST.

After several hearings of the case arising out of the May 15th Incident in Japan, sentences were passed by the Court Martial yesterday. Each of the 11 accused was sentenced to 4 years' imprisonment.

This recalls to our mind a similar case in China; that of the traitors extermination corps in which Liu Tsoong-wu and several others were sentenced by the District Court to 7 years' imprisonment. The May 15th Incident in Japan was a case in which a number of military officials planned to assassinate Premier Inukai.

According to law, the activities of the traitors extermination corps in Shanghai are unlawful, but a close investigation into the cause and the circumstances leading to their action reveals that they had been actuated purely by motives of patriotism. Yet they were sentenced by the Court to 7 years' imprisonment. The principals in the assassination of the Premier of a foreign country have been sentenced to 4 years' imprisonment only, while in China several persons who planned to exterminate shameless traitors for the sake of the country and the people have been sent to prison for 7 years. What else is there to be said?

TROUBLE WITH I. C. S. N. TALLYMEN

Earlier Settlement Due To Mistranslation Of A Letter

Further trouble is brewing among the tallymen employer, on the vessels of the Indo-China Steam Navigation Company, according to the vernacular press, and it now appears that the settlement reported some days ago was due to a misunderstanding.

In April last the tallymen, who are engaged directly by the compradores, demanded \$6 a month increase in wages. Through the mediation of the China Navigation Mutual Association an increase of \$3 was accepted, the tallymen agreeing to make no further demand unless the com-

pany increased the compradores' wages.

Recently, however, the tallymen presented a request for a further increase of \$6 and two other demands. The compradores reported to the company through the China Navigation Mutual Association; but the company took no action. Dissatisfaction spread among the tallymen, who declared a go-slow strike.

Acting for the tallymen, the Chinese Seamen's Union opened negotiations with the company. The company, however, refused to deal with the matter, as the tallymen are directly employed by the compradores, and sent the following letter to the union:—

We appreciate your efforts at mediation in the dispute between our compradores and tallymen. We have noted your demands and have asked the compradores to deal with the matter. Please inform us by letter if the compradores fail to settle the dispute.

Wrongly translating this as stating that the company would accept the three demands and instruct the compradores to settle the matter accordingly, the union instructed the tallymen to resume work. The men resumed; but getting no increase became resentful and asked for assistance.

The China Navigation Mutual Association said that the compradores had received an increase in wages and were prepared to grant tallymen a further \$3 increase; but could take no responsibility regarding the two other demands, as they also were interested in them.

Upon learning this the Chinese Seamen's Union, acting for the tallymen, asked the Mutual Association to force the compradores to accept all three demands, as the union's prestige was at stake.

If the demands are not agreed to, the Seamen's Union is stated to be prepared to call a general strike.

Labour Troubles Continue Undiminished In City

Power Company And B.C.C. Situations Unaltered;
Indo-China S. N. Co. Dispute; Silk, Silk Dyeing
And Shoe Trades Disturbed

Labour troubles in Shanghai continue undiminished, many industries being affected. The situation remains unchanged in regard to the two most serious disputes—the strikes in the several departments of the Shanghai Power Company and the Thorburn Road factory of the British Cigarette Company.

One month has now elapsed since the beginning of the Power Company strike and still no formula has been devised that would make a settlement possible. Representatives of the Ministry of Industry and the People's Movement Committee who came to Shanghai to investigate the situation have returned to Nanking and on their reports these two bodies will discuss measures for dealing with the trouble. The strikers in the B.C.C. factory are still out.

Trouble has recently arisen over the tallymen on the vessels of the Indo-China Steam Navigation Company, the venacular press states. Submitting three demands, the tallymen declared a go slow strike on October 21. Following the mediatory efforts of the preparatory committee of the China

Seamen's Union their demands were accepted by Mr. Todd, general manager of the company, and on the union's instruction the strike was called off. The compradores, who actually engage the tallymen, declared, however, that even after the demands had been met their pay was too small, not covering their expenses, and refused to sign the new agreement.

Compradores' Attitude

The Indo-China Company insisted that with the increase in wages granted the compradores were in a position to accept the demands of the tallymen. The compradores, it is alleged, have oppressed tallymen and furthered their own interests. When the men learned that the compradores had refused to sign the agreement for the new concessions, they became angry and, gathering at the Seamen's Union office, called for another go slow strike. Hoping to stop the dispute from spreading, the Union on Friday advised the company and the Indo-China Navigation Mutual Aid Association to sign the demands and throw responsibility on the compradores for any trouble.

Workers in the local silk dyeing trade, numbering 1,000, continued yesterday in their refusal to dye large pieces of silk, demanding increased "cumshaw" for this work. On Friday a representative of the silk dyers' section of the Shanghai Municipality Dyeing Trade Union approached the local Kuomintang and Bureau of Social Affairs for help in connection with their demand for an increased gratuity for dyeing large pieces of silk. Both organizations promised to give the request consideration.

Wage Reduction

The Bureau of Social Affairs convened a meeting yesterday to discuss the dispute between local silk filatures and their workers, caused by a reduction of wages; but no satisfactory decision was reached. The bureau held another meeting yesterday, at which representatives of both parties met in the office of the Silk Filature Owners' Association.

Despite mediation efforts the strike declared on October 18 by 12 employees of the Tsinghai Huihui and Sun Kwei-yi leather shoe factories in the French Concession continues. Both the local Kuomintang and the Bureau of Social Affairs have sent representatives to the factories and the Workers' Union of Chapel to investigate and attempt a settlement.
